## FEBRUARY 2019

### JUNIOR ANNUAL DAY—SUBHASHA

The School celebrated its Junior School Annual Day on 1<sup>st</sup> February, 2019. The Chief guest, Sh. Anurag Tripathy Secretary of Central Board of Secondary Education, Delhi (CBSE), graced the occasion. Esteemed guest, Sh. Yashpal Yadav (Commissioner, Municipal Corporation of Gurugram) also blessed the students with his presence. The dignitaries were welcomed by the musical beats of the school band followed by the inauguration of the Heritage exhibition –Vithika. The programme titled ‘Subhasha- Festival of Languages’, commenced with enthralling “Sudhwani”- an orchestra presentation, by the budding Amitians. A special musical performance ‘Sankalp’ by the students of Amitasha, was applauded by all. Subsequently there was a Special

Awards ceremony for the meritorious students for their special achievements and hard work and living up to the ideals of Amity. It was followed by the felicitation of the teachers those who have served incessantly for 14 years in the institution. The programme, “Subhasha” was then inaugurated with the traditional lighting of the lamp. The students took the audience on a journey to rediscover diverse languages of the world. Children showcased the lives of poets and authors of various languages and some interesting works of their life. The programme culminated with the grand finale followed by the school song.

## 15th ANNUAL ASIAN REGIONAL SPACE DESIGN COMPETITION (ARSSDC 2018—19)

Students of grade IX-X participated in the competition ARSSDC (2018-19) held on Feb 10, 2019 at Om Shanti Retreat Centre, Manesar, Haryana in which the students were asked to design and theorize about an imaginary settlement in the year 2054 that will be established in the orbit near the Lagrangian Point 5. The foundation society requests that contractors propose the design, development, construction and operations planning of the third large space settlement in Earth orbit, which will primarily serve as a business and banking center in cis- lunar space. The settlement is to accommodate 88,000 people and should have 4 different gravity levels. The task had to be completed within a set time period of 27 hours. Students worked with a team of 54 students, with the company named Grumbo Aerospace, belonging to other schools across India. The students were part of different departments like Structure, Automation, Operations, Human Factors and Costing and Scheduling. This leads to interaction with students of different schools. The different teams worked together without any regard to team/ school identity. The students worked effortlessly under industrial by simulated environment. The essential skills that all the students learnt are time management, stress management, leadership quality, coordination etc.

### GPSC CONFERENCE—TOWARDS SAFE SCHOOL ENVIRONMENT

With a view to enthuse all CBSE schools in Gurgaon region with the myriad aspects of child safety, the Gurgaon Progressive School Council held its XVII National Convention on 9 February 2019 at the Palm Town & Country Club in which dignitaries from CBSE Board, HPSC, NGO's and experts from diverse backgrounds like lawyers, Counselors, cybercrime experts, child psychologists, special educators, architects, doctors, nutritionists, safety auditors, parents, alumni and teachers participated. About 40 heads of leading CBSE schools of Gurugram interacted enthusiastically in it

along with their teachers. The Founder members along with the executive members lit the lamp of knowledge followed by an inspirational song sung by the students of DAV, Sector 14, invoking the blessings of God almighty. Welcoming all the Principals and teachers, in her inaugural address, Ms. Aditi Misra, Chairperson GPSC & Principal DPS, Sector 45, Gurugram, highlighted upon the significance of all Sahodaya Schools of CBSE to hold hands towards Co- Creating Safe learning Environment in schools. She thanked the founder members of GPSC, namely, Ms. Asha Sharma, Ms. Nirmal Yadav, Dr Suman Gulati, Dr Indu Khetarpal and Ms. Anita Makkar and patron P K Jain for their long-standing commitment for harnessing all GPSC schools in making the school environment safe and secure for a holistic growth and development of children. The conference unfurled itself with the panel discussions wherein the theme was divided into Infrastructural safety, School policies, legal issues and safety within the classroom. In his valedictory address, the Chief Guest, Shri Anurag Tripathi, IRPS, Secretary, CBSE emphasized upon the need to take the school environment from knowledge to learning. According to him the real education for a child begins from the family itself and the school adds value to it. Teachers need to support and motivate the students during and after examinations to create a stress-free environment in the classrooms. Appreciating the efforts of GPSC, he reiterated the CBSE's recent reforms to make education more child-centric. The Vice chairperson GPSC and Principal Amity International School, Sector 46, Gurugram, Ms. Arti Chopra, summed up the event thanking everyone for their generous support to make the event a great success. It was a great endeavor on the part of Gurgaon Schools to co-create and synergize for a better and a secure environment for the children in their respective schools.

### YOUTH POWER –PANEL DISCUSSION

TOPIC: “2019 : THE NECESSITY OF A CHANGE IN THE ENERGY

The school has been actively involved in its commitment to society and environmental issues. Youth Power is an annual youth empowerment program, which is the brainchild of our Respected Chairperson Dr. (Mrs.) Amita Chauhan and conducted by our school's youth newspaper, "The Global Times". With the blessings of Chairperson Ma'am and under guidance of our Principal Ms. Arti Chopra, this year YP Team URJA is on a quest to empower the Country with benefits of Renewable energy and aim towards Sustainable energy development. To gather relentless

support towards their cause and to generate awareness on the need for energy conservation and accessible renewable energy for each and every section of the society, Team URJA Conducted a Panel Discussion on 30.1.2019. The esteemed Panelist included renowned personalities from diverse fields like media, Environmentalist, Scientists, Policy makers, Student representatives and Educationist who shared their excellent view points on the topic. The Panel discussion was very interactive with students actively participating in the discussion which showed how the efforts of the Team Urja had inspired each and every individual to take right steps towards preserving and developing alternative sources of energy for the overall benefit and development of the country. The Esteemed Panelists lauded the efforts of the Team and the Managing Director of Global Times, Ms. Vira Sharma was full of appreciation for the Team URJA and congratulated them for their Wonderful contribution in the field of Energy conservation.

### SUBJECT EXPERT SESSION ON ENGLISH FOR CLASS X

Expert session on English was held on 24<sup>th</sup> Jan 2019 in the school for students of grade X. The event began by welcoming of the subject expert, Ms Homi Astavans, who has an extensive experience of over four decades as an inspirational English teacher and headmistress of reputed schools. The session began by the traditional lamp lighting ceremony by the Coordinator of the senior wing, Ms Shalini Agarwal along with the esteemed subject expert to invoke the blessings of Goddess Saraswati, the Goddess of Knowledge. The session began as the subject expert attracted the attention of the students with a couple of energetic activities and it was followed by extensive discussion on the CBSE board pattern for English. The subject expert delved into each section of the English syllabus minutely with tips and techniques on how to attempt each question. She also showcased pointers to ensure that each student aims towards full marks for each question. All the class X students listened earnestly noting down the pointers. The session ended with an immensely helpful doubt clearing session, where students asked their queries all of which were solved meticulously by the subject expert. It was a riveting session which helped the students with additional knowledge of scoring more in their board exams and hence was immensely enjoyed by all.
