CHAIRPERSON'S MESSAGE

Dear Amitians,

I believe that success follows those who follow their heart, however the environment around us isn't always suited for nurturing our passions, keeping individuals from realizing their true potential. But I am very sure about my children that even during these challenging times they have always kept going by holding the torch high. Since the news of country lockdown came in, Amitians have not looked back be it academics, co-curricular and sport activities. You have always been at the forefront on the virtual platform thereby proving your mettle. We offer spectrum of activities leading to multiple experiences and enrichment of students. Each of these activities is like the beads of a rosary, tied to a common thread – of Trust and Excellence.

PRINCIPAL'S MESSAGE

I wish to pay compliments to our nation that has fought bravely for the medical, social and economic wellbeing of its people; during the Covid'19 catastrophe, wherein public health systems and emergency services have been stressed, beyond the limit. Not to forget the efforts of doctors & nurses fighting the medical exigencies on a day to day basis. Nonetheless, history shall also not forget the classroom Corona warriors, our principals, teachers and the caregiving parents who resurged on the virtual front to help young students.

It is now the responsibility of our students, to make the most of the opportunities provided to indulge in positive pursuits. It is worth noting that William Shakespeare and Isaac Newton did some of their best work whilst England was ravaged by the plague, in the early and middle 17th century. Our children must be told that this century is the era of 'Thought leadership', and a

great idea, a powerful thought, a new formula, a new perspective could go a long way in helping humanity. The lockdown period could well be utilized for reading, writing, revisiting the forgotten hobbies and creating sweet memories with family. For this is the best time to develop mindfulness about the nature's serenity, with still many unexplored fronts and of the secrets the night sky holds back from us in terms of meteors, asteroids or planets etc. Why go far, the working of various machines like AC's, washing machine, mixer, microwave at home, of unabated power of kitchen's spices, or medicinal plants growing around in abundance can be studied and blogged by students in their free time. As the world gets adjusted to the 'new normal', young students can unleash creativity in writing, artwork, photography, cooking, craftwork etc. Self-empowerment is the key to success.

Do celebrate our country's freedom! Go Creative!

Happy reading....

Creativity -Junior School

RAIN RAIN RAIN

When it rains, drizzles or pours,
I wish to go outdoors.
I want to play in the puddle,
And in a warm place, I'd huddle.
In the rain I'll take my umbrella out,
And will, laugh, scream and shout.
All the flowers will dance with me,
Everyone will be out in glee.
The birds will play in little pool,
And the day will be fresh and cool.

ANIKI—CLASS 4F

VAMIKA MAHAJAN – CLASS 4E

HEALTHY DIET, HEALTHY LIFESTYLE

We feel as good as we eat,
so eat lots of fruits and some meat...
Eat lots of veggies and some nuts
and don't forget the dairy products...
Everyday eat a portion of grains,
they will give you energy and boost your brains...
It is also important to eat some fat,
do remember to exercise be it running, push ups or squats...
All the above are tips for good health,
and do I need to tell you "Health is the real Wealth"!!

AIS AND ME - A BLOSSOMING RELATIONSHIP

AIS, as we know stands for Amity International School,
Here, punctuality, honesty and respect is a key rule,
Infrastructure includes ground, MP Hall and pool,
Teachers, Support Staff and seniors are pretty cool.

I really relish my stay here,
I do my learning and assignments with utmost care.
I enjoy all the facilities and amenities there,
The goal is to achieve excellence, I dare.

AANYA JAIN (CLASS 3B)

AVYAAN TALWAR—CLASS 4F

Creativity-Middle School

TECHNOLOGY AND ME

In a world without technology

Can you imagine how it would be?

Humans have been gifted a great prize

Although they never assumed it would lead to their demise

Quarantined me, stuck at home with nothing to do

Technology is where I turn to

With this new virus keeping us inside technology is where we spend our time

Latest gadgets and gizmos we have access to

That make our days easier to get through

Like a Genie that grant our wishes

Technology doesn't have a limit

But where is freedom and peace?

Where is the clean environment?

Where is the clean water, air and soil?

Where is the promised leisure time?

It seems man's intelligence has begun to backtrack

Similar to being subdued in flashback

When as children we used to enjoy the life

When mobiles had not spoilt our minds

While snatching from us, our peace of mind when computers were remote from our lives

And internet had not ruined the purity of mind

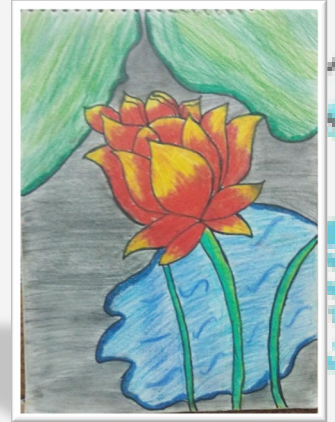

I need a technology free vacation

Just to embrace love and affection

I can't derail from its tracks

So, hey technology I am going unplug and relax

STAY HOME STAY SAFE

WINGS OF LIFE

You don't need wings to fly,
Neither a shoulder to cry,
You need a pertinacious heart,
And nothing more than a new start.

Remember, the best view comes after the
hardest climb,
You need to be determined, focused and on
time,
Sacrifice of distractions is a must,
Never think that life is unjust.

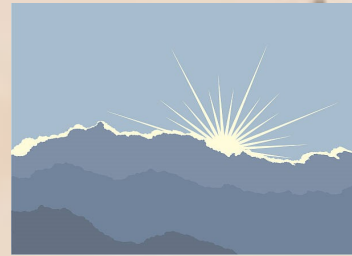

The way Sun needs to burn to shine bright,
You too will have to face some plight,
Don't get ever disheartened,
If life throws pencils, get them sharpened.

Persistence is the key,
To achieve success slowly,
Remember God's there too,
Keeping an eye on you.

THE SILVER LINING

The grey sky that once hovered
Dangerously over the city,
Where serenity was a rare glistening ruby
And wilderness remained docile, burdened by
humanity.

There, now the chirping of the birds tell a tale
Of the blossoming trees in great detail.
The diamonds of the night still twinkle
Over the tranquility that now prevail.

Maybe the unceasing has now been ceased,
Maybe the unseen jewels have now been seen,
May be this grey cloud has a silver lining
And maybe, the earth has now been healed.

ANVI CHAWLA (CLASS 10 J)

A RIOT IN MY GARDEN

As I stepped out in my garden early morning,
I witnessed a riot of butterflies!
From everywhere to everywhere
The sunflowers and the roses also seem to be on a riot.
Never ever had I seen them bloom this way.

The bees also seem to have gone crazy.
The peacocks are on a riot too!
The squirrels, the owls, the myna, the koel, and the spar-
rows too.
And the not so beautiful crows seem to be on guard.

There is such a clamour, a commotion of twittering's and trilling's and chattering's.
Are they really on a riot?
Nay, I guess, they are here on an invitation to attend a performance.
Is it a fashion show or a nature walk?
I'm glad my garden is the venue.

ONLINE LITERATI FEST 2020

The school celebrated Online LITERATI FEST-2020, a festival of languages on virtual platform wherein myriads of online competitions were conducted for the juniors as well as the seniors. The competitions were a fusion of talent, imagination, creativity and alertness. Around 48 schools with over 650 students all throughout Delhi NCR, Gwalior and Lucknow participated zealously in various events like debating, poetry, enacting, voicing opinion and quizzing in five different languages. The tenth edition of Literati was declared open on 17 July by School Principal Ms. Arti Chopra. The closing ceremony of the festival was held on 25 July and was graced by the Special Guest Ms. Aditi Arya, Former Miss India World and AIS- 46 alumna and other esteemed judges like Mr. Sarmed Mirza-BAFTA nominated Film Producer and an award winning actor, Ms. Suruchi Mundhra, Ms. Preeti Shah, Dr. Meenakshi Pathak, Mr. Gaurav Pahwa, Dr. Ashok Lav, Ms. Madhur Walia, Mr. Harshall M Mehta, Ms. Tanvi Chaturvedi, Mr. Vibhor Grover, Ms. Nayasha Gandotra and Ms. Khwaish Gupta. The students performed exceptionally well considering today's unique circumstances. Their performance and enthusiasm were well appreciated by the judges, teachers and the audience alike. The winners received e-certificates for their commendable performances. The overall trophy was won by Tagore International School, East of Kailash. The Principal congratulated the winners and extended a vote of thanks to all present for making the show a great success. The confidence, expression and talent of the students made the online event truly memorable.

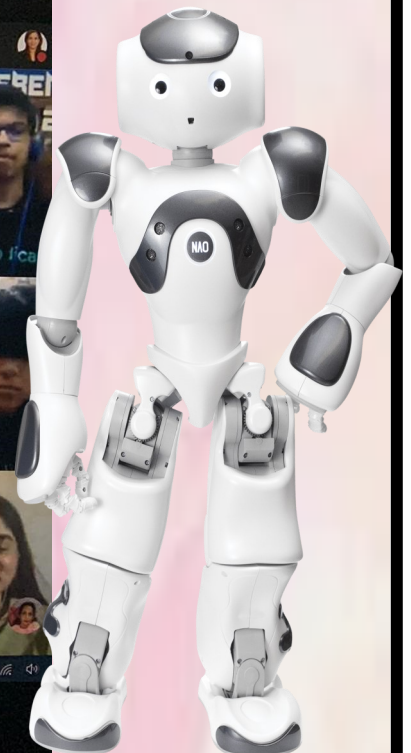

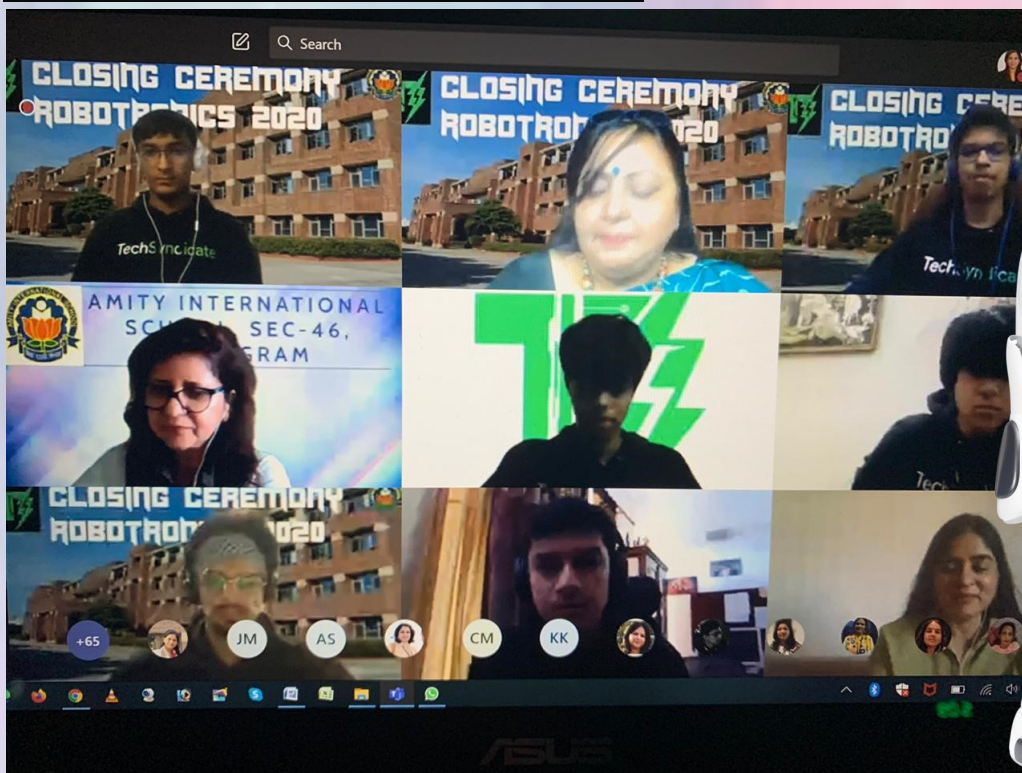

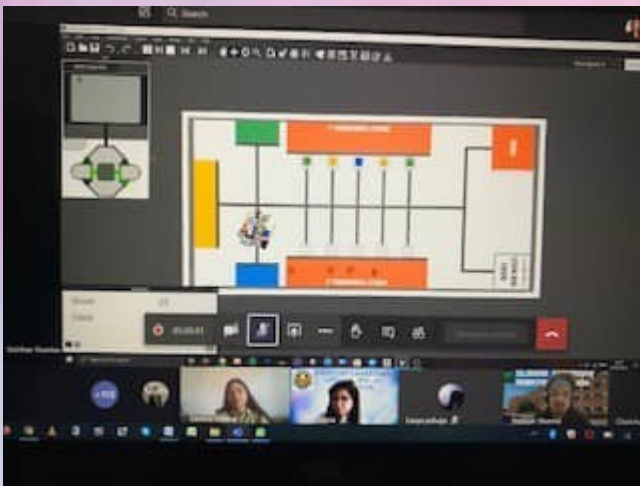

ROBOTRONICS—BUILDING RESILIENCE

Keeping the needs of the twenty-first century learners in mind, the school organized an online inter-school event “**Robotronics – An IT Integrated Event**” based on the theme **Building Resilience** from **28th July 2020 to 6th August 2020** wherein **30 schools and 40 individual teams participated**. Various Events like Hackathon, Designathon, Crossword, Group Discussion, Surprise, Audio Mixing, Junior and Senior Robotics, Junior Quiz, Adobe Spark and Paint 3D took place which were judged by Jury members.

The online Closing ceremony was conducted on Aug 06,2020 with the chanting of Gayatri Mantra and welcome address by **Principal, Ms. Arti Chopra** apprising everyone about the events that took place and how we encourage, develop and implement exciting, mentor-based programs that inculcate interest towards Science and Technology in the inquisitive minds of young people. **Ms. Garima Babbar**, who heads education and skill development programs for Adobe India and South Asia region **was the Chief Guest on the occasion**.

The highlights of the events were displayed by the **Tech Syndicate team** through a video followed by Prize Distribution and announcement of Overall Trophy by the Chief Guest. The overall trophy was bagged by **DPS R.K Puram** followed by **DPS Sushant Lok** and **Amity International School, Noida**. The ceremony concluded with vote of thanks by **Ms. Chanchal Dhingra, Head of Department- IT** where efforts and participation of students and teachers of all schools were appreciated. E-certificates for the winners will be sent to all the winning schools through e mail.

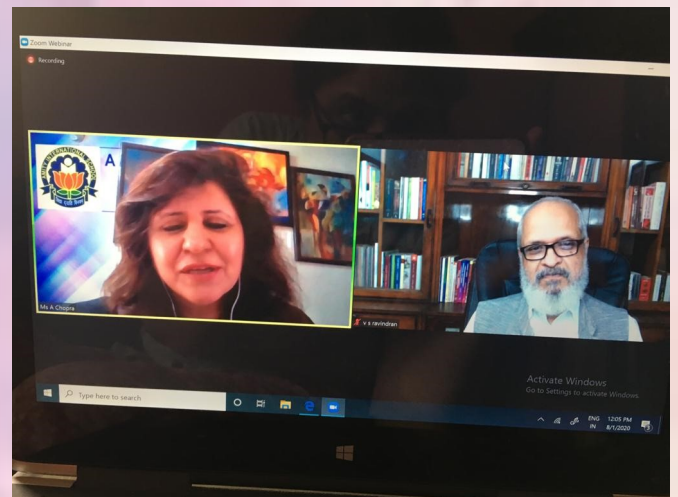

NURTURE- WEBINAR ON EFFECTIVE PARENTING BY

DR V S RAVINDRAN

'Nurture', a webinar on parenting was organised on August 1, 2020 wherein the guest speaker, Dr V S Ravindran, who is a renowned educational psychologist and trainer imparted his valuable suggestions and techniques on good parenting.

The webinar began with the lamp lighting ceremony and keeping the Amity tradition in mind, the Principal of AISG-46, Ms Arti Chopra, welcomed Dr V S Ravindran with a virtual tulsi sapling and addressed the parents by explaining the importance and effectiveness of such sessions. Dr. V S Ravindran began the webinar with an important message that "communication is the key to good parenting." He urged the parents to be welcoming and open to discussion with their children regarding their emotions and feelings, whether positive or negative and should avoid sermonising them. He added that children should devote at least 6 hours to study related activities each day and parents should ensure that they keep communicating with their children and motivate them regularly. Dr Ravindran also advised the parents on how to deal with aggression in children and how to limit the screen time for each child in this pressing time of digitisation and online education. The coordinators of classes VI-VIII, Ms Ranjana Sharma, classes IX-X, Ms Shalini Aggarwal and classes XI-XII, Ms Sushila Panwar put forth the questions asked by the parents and Dr Ravindran answered all the parents' queries and motivated the parents to treat each obstacle as a learning curve as children learn resilience from such hurdles and adopt a positive outlook to life in general. Dr Ravindran concluded the session with the positive message that parents should be happy even in gloomy times and the same should be then reflected in the mindset of their children.

The session was a huge success. 507 parents participated enthusiastically and really appreciated each and every advice given by Dr. Ravindran as they were extremely relevant and highly beneficial. They also expressed their eager desire to have such effective sessions in the future as well.

GENDER SENSITIZATION—A WORKSHOP FOR AMITY FACULTY

An online workshop on Gender Sensitivity was organized on 25th July, 2020, for 17 branches of Amity School for both the PGT & TGT teachers, under the guidance of Ms. Anita Setia (Sr.Consultant - HR & Training, Amity Group of Schools).The Session was conducted by Ms. Arti Chopra, Principal- AIS 46,Gurugram.

The Session began with the Gayatri Mantra along with a virtual lamp lighting for invoking the blessings of all mighty. All the dignitaries including Advisors, Principals, Headmistresses, and teachers were welcomed. Ms.Anita Setia read out an inspirational message for teachers from the Hon'ble Chairperson Ma'am. Ms. Setia introduced the topic Gender Sensitivity to the teachers and explained its significance. Ms. Anupama Mehta, Head Mistress,AISG-46, introduced the Speaker of the Day, Ms. Arti Chopra.

The Workshop module was structured to make teaching and learning process more gender sensitive. In the session Ms. Arti Chopra explained that the classroom dynamics play a crucial role in defining how well girls and boys participate in classroom proceedings that affect their performance. Educators are pivotal to these processes, thus their attitude and responsiveness towards Gender Sensitivity is integral to the active involvement of the girls and boys in these pedagogical processes. She advocated that Gender Sensitization is all about changing behavior and changing the mindset of people towards gender specific tasks. Instilling empathy into the hearts of the students about the other gender is crucial for a free democratic and secular society. Gender sensitization acquaints boys and girls with each other's existence and is essential to gain fruitful results in the school as well as at home. Ms. Chopra threw light upon the society's recognition of Gender stereotypes and the prevalent patriarchy in many parts of the country that has lead to creating biases in the minds of people. She explained the Gender Sensitive Pedagogy and Teaching Learning Materials with the help of examples, videos, interactive slides that enthused the attendees.

The session will enhance awareness among the educators towards equality amongst girls and boys in the classroom and real-life situation. The session was very thought provoking and a great success. The entire Amity fraternity was thankful to honorable Chairperson Ma'am for organizing such an invigorating & insightful session for them.

The image is a collage of screenshots from a Zoom meeting. The top left screenshot shows a presentation slide with text: "Avoid stereotyping children, e.g. boys are noisy and loud, girls are calm and sweet". Below it, another slide says "io quality. Try performance." and "Self-regulate your own interaction with the children. We tend to comfort girls more and send boys on their way earlier." The top right screenshot shows a grid of participants: Arti Chopra, chairperson@amity.edu, Anita Setia, and Anupama Mehta. The middle right screenshot shows a slide titled "TIPS TO PROMOTE GENDER EQUALITY IN CLASSROOM" with seven numbered points: 1. Use gender-neutral language when referring to children. 2. Avoid stereotyping children, e.g. boys are noisy and loud, girls are calm and sweet. 3. Self-regulate your own interaction with the children. We tend to comfort girls more and send boys on their way earlier. 4. Jumble together all the dress-ups, toys, games, blocks, etc so all genders have an equal opportunity. 5. Provide a wide range of diverse stories about the genders in non-stereotyped roles. 6. When reading books where typically the tiger or bear is a 'he' and the butterfly or bird is a 'she', change the gender around. 7. Try not to assign classroom tasks that traditionally relate to a specific gender. A Venn diagram with four overlapping circles is also present. The bottom right screenshot shows a close-up of the chairperson@amity.edu participant.

CBSE RESULT—CLASS X 2019—2020

With the blessings of honourable Chairperson Dr Mrs Amita Chauhan this year students of grade X of Amity 46 performed exceptionally well in CBSE Board Examination leading the school average touching 90% . The school topper, Kshitij Bagga, has scored a brilliant 99 % , followed by Shreya Singhal & Vyakhya Gupta at 98.4%.The school had 55 students scoring Perfect 100s, across the subjects & 88 students scored a brilliant 99% across the subjects. The school has secured 100% First divisions & 96.13 % distinctions. Congratulations!! Faculty members , parents and students.

CBSE RESULT—CLASS XII 2019—2020

The Central Board of Secondary Education class 12th board results were declared and the students of Class XII Amity International School, Sector 46 came out with flying colors yet again as they posted brilliant results for the Board examination. Total 316 students appeared for the exam. **Dhruv Lowe & Kushagra Sahni the toppers of Science Stream secured 98.4%. Aakarshi Agarwal topped the Humanities Stream with a brilliant 98.4% and Abhinav Sardesai scored 97.8% became the Commerce Stream topper.** The fantastic result of yet another year owed a lot to the inspirational guidance and leadership of Dr (Mrs) Amita Chauhan., Chairperson RBEF and Amity Group of schools. The board declared the results earlier today. Kushagra aspires to become computer engineer from IIT and Dhruv is pursuing for Economics graduate degree from Delhi University. **The school's brilliant performance could be gauged with 28 hundreds & 42 99s being scored across the subjects. Students with special needs also did really well. Pranav Garg (suffering from muscle dystrophy) got 95.6% and Navya Shukla (dyslexic) got 90.6. Vanshika Bal (hearing problem) secured 92.8%** The Chairperson of Amity Group of Schools, Dr.(Mrs.) Amita Chauhan and the Principal Mrs Arti Chopra lauded the brilliant performance of the students and the hard work put in by all the teachers . They also wished them luck for all their future endeavors.

ONE OF THE GREATEST FREEDOM FIGHTERS OF THE COUNTRY, RANI LAXMI BAI, ALSO KNOWN AS 'JHANSI KI RANI', IS AN ICON FOR WOMEN EMPOWERMENT.

She was fondly called 'Manu' by everyone.

She got married to the king of JHANSI, Gangadhar Rao Newalkar at the age of 7 in may 1842 and was renamed LAXMI BAI!

She became the ruler of JHANSI when she was only 18 year old. She lost her first born after 4 months and later on adopted a son.

Hugh Rose was the commander of the British force against her. Her tomb is at the Phool Bagh area in Gwalior.

She was a Braveheart from birth

"Khuh ladi mardani woh toh Jhansi wali Rani thi!"
