### PAUSE TO PONDER

- *Be brave enough to live the life of your dreams according to your vision and purpose instead of the expectations and opinions of others.”*

— Roy T. Bennett

### Message from the Principal's Desk

*“Every challenge you face today makes you stronger tomorrow. The challenge of life is intended to make you better, not bitter*  
Dear Students,

I hope that you have all had a safe summer vacation. I know the past two months have seen some unprecedented times throughout the country. We are all going through extremely tough times, and we can just hope and pray that we all make it safe out of this pandemic. At the same time, I understand how hard it is to be unaffected by the unfortunate situations you see around you. Some of us have lost our loved ones, and everyone has lost someone or other known to them directly or indirectly. I can well understand the sense of loss and helplessness that everyone, especially you children must be going through. I want to assure you that the school stands with you all during these hard times and the entire staff is working 24x7 to ensure that we can offer some comfort during these times of anxiety and uncertainty.

As the school reopens after an early summer break, I hope that you will look ahead with hope and optimism towards the session ahead. To cope with unexpected challenges in the journey of life, it is important to build on essential life skills. Our honourable Founder President Sir has, through his success mantra of 'BHAAG' emphasized on the core values of behaviour, hard work, attitude, ambition, and faith in God. Build on these to help you tide over the day-to-day problems easily as well as coping in life in the long run. Work on your fitness and channelize your energy in productive ways like gardening or simply picking up any hobby. The school has already started Yoga and Fitness sessions for all classes to help in improving both physical as well as mental fitness of all the students. I sincerely hope that you will attend them regularly and avail the benefit of this platform offered to you.

With the hope that you will make good use of the opportunities that come your way and will continue to bag laurels and do the school proud with your achievements, I wish you all the very best for the session ahead!

A proud moment for Amity International School, Mayur Vihar who participated in Nasa Ames Space Settlement Contest organised by National Space Society in Grade 11 Large Team Category.

Our School Team received Honourable Mention in Grade 11 Large Team Category.

It was an International competition with 1,619 entries involving 6,862 students from 22 countries.

Our team is invited to attend the International Space Development Conference 2021 which will be held in the virtual mode.

## POETIC DESTINATION

### GLORY OF SUMMER

Rippling crystal water  
shines like silver,  
To reflect summer's  
glow.  
To soothe and calm in  
rhythm,  
Echoing its lyrical flow.  
Magical music of nature,  
A symphony of splendid delight.  
Sky is like blue ocean in Paradise,  
Birds soaring to grasp full flight.

Aryan Kumar  
IV-A

### Summer Pleasure!

Summer is on the edge of coming

Put your summer clothes on

Eat Mangoes, Eat Ice cream, Drink cold  
juice is coming

Enjoy the joy of  
summer.

Aaradhya Pathak  
IV- B

### VIRUS- LET'S LEARN TO COMBAT

The smallest living things are virus. They can produce more of their kind if they invade another living thing.

Viruses cannot reproduce on their own. They get into another living cell, the host cell, and take over its life process to make more copies of themselves. In the process they destroy the host cell. A typical virus has an outer shell made of proteins. Inside is a length of genetic material, usually DNA. Example: Corona virus

Many can exist in their non -living form for years and be frozen solid, boiled or made into crystals-yet still come alive when host cells are available.

Viruses cause diseases in plants, animals and people. These include cold, flu, measles and AIDS.

#### **Genetic mutation**

Viruses undergo genetic change by several mechanisms. These include a process called antigenic drift where individual bases in the DNA or RNA mutate to other bases. Most of these point mutations are "silent"—they do not change the protein that the gene encodes—but others can confer evolutionary advantages such as resistance to antiviral drugs. Antigenic shift occurs when there is a major change in the genome of the virus. This can be a result of recombination or reassortment. When this happens with influenza viruses, pandemics might result.

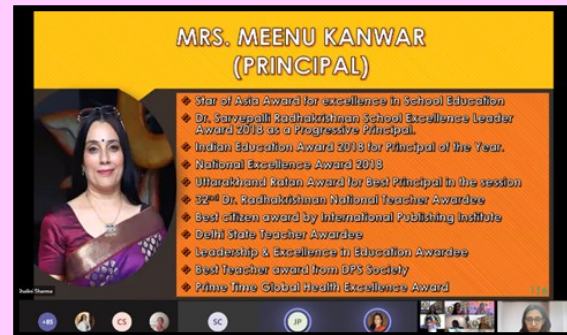

Example: In April-May months- We can see that how genetic mutation takes place in the coronavirus.

#### **Prevention and treatment**

Viruses use vital metabolic pathways within host cells to replicate, they are difficult to eliminate without using drugs that cause toxic effects to host cells in general. The most effective medical approaches to viral diseases are vaccinations to provide immunity to infection, and antiviral drugs that selectively interfere with viral replication.

# Orientation Program for Classes I- V

*The Orientation Program was conducted for the parents of Classes I-V successfully. The program started with the lamp lighting ceremony followed by welcoming the parents. The Class Representatives gave a brief introduction about the achievements of our little Amitiens. All the faculty members in the Primary wing were introduced to the new parents and children. The program was followed by the encouraging and motivating words by the Primary wing coordinator, Ms. Jasleena Kohli. Students were apprised about the notebooks, school uniform, the general activities being taken up in school. The Assessment pattern according to the New Education Policy, along with the heritage program was discussed at length with parents. Also, the working of Amitranel and the school's official website was introduced to the parents.*

*Giving emphasis on the mental wellbeing of the child, the school counselor, explained the importance of life skills which is considered as the need of the hour. Ms. Sunita Chopra apprised the parents and children of the Cambridge and YL program.*

*Last but not the least, our honorable Principal ma'am Ms. Meenu Kanwar welcomed all the new parents and children who have started their journey with the Amity family. She comforted all the parents with her soothing words and ensured that they are going to spend a beautiful journey in Amity.*

# MASTER CHEFS

## Malpua - Malpua , a sweet from Bihar made on the festival of Holi

### Ingredients:

¼ cup sugar  
 ½ tsp fennel / saunf (powdered)  
 ¼ tsp cardamom powder / elachi powder  
 ½ cup milk / rabri  
 water as required (to prepare batter)  
 oil for deep frying  
 rabri for serving  
 dry fruits for garnishing  
 For sugar syrup:  
 1 cup sugar  
 ½ cup water  
 ¼ tsp cardamom powder

Firstly, in a large mixing bowl take maida, rava and sugar. Add fennel powder and cardamom powder. Further add milk or rabri. Mix well making sure there are no lumps in the batter. Add water as required and mix well. Make sure the batter is of smooth pouring consistency. Cover and rest the batter for 30 minutes. Pour the batter into hot oil / ghee and press gently with the help of perforated spoon. Now fry both sides till they turn golden brown. Soak the malpuas into hot sugar syrup. Rest for 10 minutes making sure both the sides of malpua are soaked well. Finally, serve malpuas hot with rabri and garnished with few nuts.

## JHAL MURI

NAMAN  
 BANSAL  
 II- B

### INGREDIENTS:

3 cup puffed rice / murmura / churmuri  
 ½ tsp kashmiri red chilli powder  
 ¼ tsp cumin powder / jeera powder  
 ¼ tsp garam masala  
 ½ tsp chaat masala  
 ¼ tsp aamchur / dry mango powder  
 ¼ tsp salt  
 2 tbsp onion (finely chopped)  
 2 tbsp cucumber (finely chopped)  
 10 cubes potato (boiled & peeled)  
 3 tbsp peanuts (fried)  
 2 tbsp tomato (finely chopped)  
 1 green chilli (finely chopped)  
 ½ inch ginger (chopped)  
 1 tbsp tamarind pulp  
 2 tbsp mustard oil  
 3 tbsp sev  
 1 tsp coriander (finely chopped)

### INSTRUCTIONS:

1. Firstly, in a large bowl take 3 cup puffed rice. Dry roast puffed rice if they are not crispy.
2. Add ½ tsp chilli powder, ¼ tsp cumin powder, ¼ tsp garam masala, ½ tsp chaat masala, ¼ tsp amchur and ¼ tsp salt.
3. Additionally add 2 tbsp onion, 2 tbsp cucumber, 10 cubes potato, 3 tbsp peanuts, 2 tbsp tomato, 1 green chilli and ½ inch ginger.
4. Further add 1 tbsp tamarind pulp, 2tbsp mustard oil and 3 tbsp sev.
5. Finally, serve jhal muri topped with coriander leaves.

# ONSET OF OPPORTUNITIES TIES

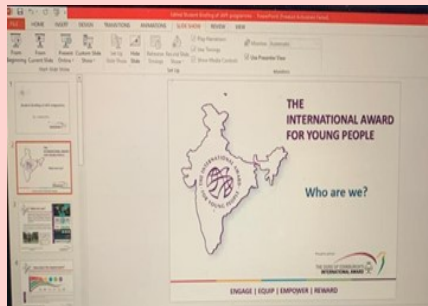

**IAYP (International Award for Young People) Orientation** was conducted by IAYP team, Mr. Bivujit Mukhoty (Programme Manager, India) and Ms. Ankita Gera (Programme Officer, North India) on 12<sup>th</sup> April 2021 for classes VIII, IX and X.

The Orientation began by welcoming guests from IAYP who started their presentation by interacting with students. The session was interactive, well-paced and informative where each aspect of the programme was explained in detail with examples. Students were very actively involved in the session. Queries of the students were addressed by the IAYP speakers.

Valuable words of Our Respected Principal Ma'am, Ms. Meenu Kanwar were a great source of inspiration and motivation for all the children.

The session ended with a Vote of Thanks to our guests followed by a group photograph for the session.

Overall, the session was very informative. Our students were happy with the programme and showed great interest in being a part of the same.

## YRoNS CONFERENCE

**14th International Conference of Young Researchers of Natural Science (VIRTUAL)**, was hosted by Amity Educational Resource Centre, Amity Group of Schools on 13<sup>th</sup>, 14<sup>th</sup> and 15<sup>th</sup> April 2021.

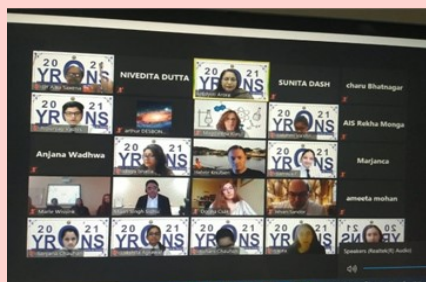

Topic of the conference was "Stay-at-Home-lab-Science Experiments at home" held on ZOOM, Online platform. Around 100 participants from countries like Hungary, Germany, France, Slovenia, Norway, Netherlands, Russia and India attended the conference.

YRoNS is an informal platform for sharing science projects and sharing culture and scientific knowledge with peers across the world. Respected Chairperson ma'am Dr. Mrs Amita Chauhan and Director AERC Mrs Jyoti Arora spoke about the platform and encouraged students.

The featured speakers were Dr. George Veni from USA and Dr. Cyril Mayaud from Slovenia, Dr. Peter Paul Verbeek, France and Ms. Lea Jäger from Germany, Dr. Maan Singh Sidhu, and Dr. Halvor Knutson from Norway.

Various interesting projects were presented by the students like Virtual Virus Simulation with Microbits, Chemical Cryptogram, Rube Goldberg Machine, Detective Chemistry etc. Atharv Santosh Gupta of class X of AISMV presented his project "Biofortification of kitchen garden using expired medicines"

It was followed by the cultural programs wherein, students from Germany, France and India showed their cultures and traditions. In the end, Mr. Istavan Sandor, the founder of YRoNS shared his experience with the students.

# MIDDLE MOSAIC

## POETIC REFLECTIONS

### Earth

*Mother Earth gives her gifts for all to share ,  
She gives them freely , yet she is still aware  
That things are changing , perhaps for the worse.  
How much more can she give if our future is cursed ?*

*It is way past time to put Mother Earth first ,  
To clean up the water before we all thirst,  
To clean up the air before our lungs sicken ,  
To renew the soil and fell it quicken.*

*How long until the point of no return ?  
How much longer until we all finally learn ,  
That to this task we all must rise.  
And stop abusing Mother Earth before she dies.  
Gunika Mahajan , VII -A*

### Summer is here

*After the beautiful season of flowers,  
A different one, much warmer overpowers,  
The scorching heat we may have to bear,  
Yep, this means that Summer is here!*

*Although we associate it with heat and Sun,  
The season of Summer is plenty fun,  
Vacations, summer camps, ice cream galore,  
Summer sure has loads of fun to explore.*

*Going out everyday ignoring the bugs,  
Role playing with our friends as pirates and thugs,  
Hours and hours of laughter and happiness,  
Of everything around us being regardless.*

*People say 'My favourite season is Spring,'  
'Flowers, greenery and peace it brings.'  
Well, if you ask me, that's a bummer,  
For my favourite season is certainly Summer!  
By: Eshal Ahmad, VII- A*

### **Summer: The new start**

Summer Oh, Summer,  
Finally, you are here,  
I was bored of watching the trees bare  
Now, the Earth is on sooth flare,

Breezes travel across the mile,  
Making the whole nature smile  
Even though, it is sweaty and humid,  
I feel like it is worthy of a merit.  
It's hot, sticky and somewhat annoying,  
Feels like if we could just turn on the winter channel  
If we could just take it to the cold level  
But the nature has its own setting.

So, let's enjoy the weather, and lie to the ground,  
And play with enthusiasm all around  
Often, we are sweat-drowned.  
Sometimes annoying or sometimes happiness knows no bounds.

Sanvi Marwaha  
VIII-A

## POETIC REFLECTIONS

### WHERE THERE IS UNITY THERE IS ALWAYS VICTORY !

India is impregnable, as we, THE INDIANS, stand united  
Achieving desired goals, designing policies farsighted.

Diverse religions, varied cultures, people with discrete wavelengths  
Indians portray to the World an example of 'UNITY IS STRENGTH'.

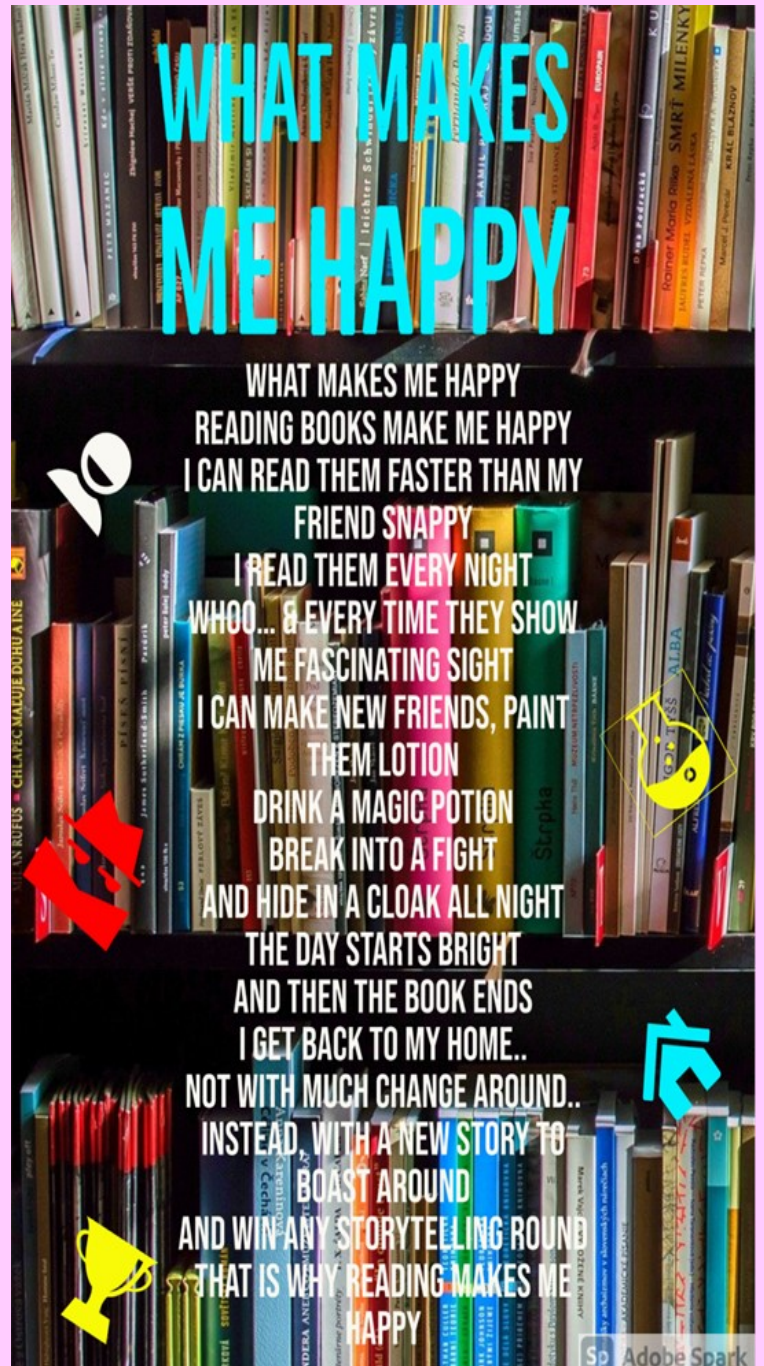

Unity, and not Uniformity, brings our Nation it's unique fame  
A model of UNITY IN DIVERSITY, to the World we proclaim.

So powerful is our power of Union that it Illuminates the Earth  
COVID infection gave opportunity for Indians to prove our Worth.

Doctors, Police, and all Corona Warriors working hard in Alliance .  
United we stand, against the virus, holding our hands in Defiance.

Together we shall overcome this abysmally grim situation  
Unity and Victory are complimentary, we shall prove again, with strong affirmation.

# SENIOR SYMPHONY

## *Summer and its Glory*

*As the chilly frosty sun sets from the west  
It takes all the cold and spring away.  
Then rises the red hot sun again.  
Welcoming summer with a new, but warmer day*

*April marks the onset of summer  
when a gist of golden is mixed with every color beneath the sun  
As if everything gets submerged under the thick blanket of rays.  
With which everything sparkles like stars in a dark yet bright night*

*We see no difference between the clear sky and the crystal water.  
Their reflection being so strong, as if nature created its own mirror  
This season can surely nourish and speak wonders to us  
Yet there is a feeling of dryness all around*

*All the fierce yet warm rays dissolve all shadows  
No hiding, no secrets, no darkness  
It's the time for joviality, expression and wholehearted actions  
Symbolizing vitality inherent within every heart*

*Summer sheds light on what is hidden  
It might be your inner self, or some qualities that were till now unknown  
Making it the season of self-development and discovery  
So, it is time of sharing, giving and opening ourselves to the light of life*

*We experience a strange growth in summer about which we are often unaware  
Be it hanging out with friends or giving yourself some peaceful time  
Every step ahead makes you learn and build up inner strength  
Strength to hold on to the hope of a fresh arrival of Summer  
Chavi Gautam  
IX- C*

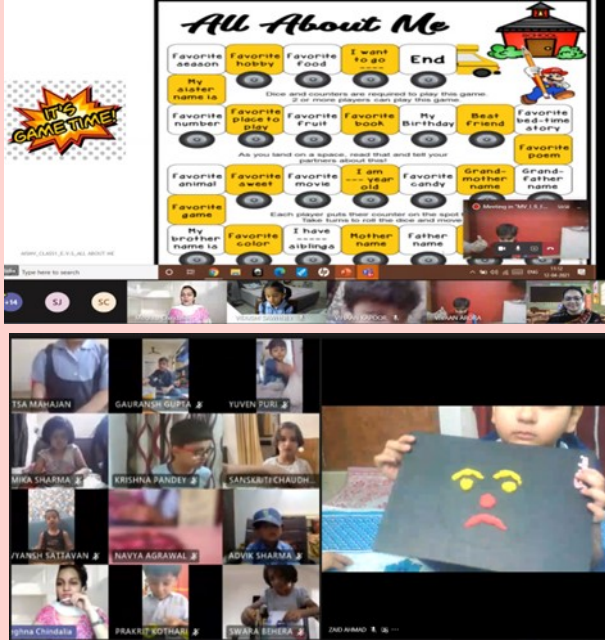

## *Aspire Not To Be, But to Do*

*There are many things in our society and surroundings that may disturb and thus compel us to rethink if it is right. If there was no restriction on resources and opportunities, I would surely choose to eliminate 'Child labour' and 'Anti-Educational practices' from India. I often see that in my society, workers and shopkeepers bring up their children to help them. I have been observing these kinds of activities from my very childhood, which makes me feel disturbed and helpless. To eliminate such a disaster, I would like to open a Non-Profit Organization which would set up camps at the remote level. The organization would provide multi-benefits-encourage the parents to send their children to school, will open small institutions if there is no school in the area, and would provide local villagers to take educational loans with low interest rate. The organization will try to reach to every such child in India who is denied education. It feels very awkward when I see teenagers of my age selling balloons at the junctions, working in the market as delivery boys and even maids! Their circumstances make them do so. I think that a family must have enough money to educate their children and not make them work at an early age. It makes the family 'rich'. Through my organization I want to bring quality education to every student, to let them aspire for their career, ensuring success, and thus development of the country.*

*Raghav Mathur  
XII- I*

# HAPPENINGS!

## ICE- BREAKING ACTIVITY

The new session 2021-22 of class 1 commenced on 12.04.21. There are 43 students in class 1 till now. An ice-breaker activity was conducted to know the children well where an 'All about me' introduction game was played which helped the teacher and the students to know each other. The teacher first introduced herself and asked questions to the students in rapid fire round about their favourite things and students participated enthusiastically and answered well followed by an emotional clay dough activity where students expressed their feelings/emotions with the help of clay according to a situational question asked by the teacher. Overall, it was a great start of the session.

## EASTER DAY CELEBRATIONS

Class 2 celebrated the festival of Easter on 31st of March 2021 on MS Teams by decorating the paper egg cut-outs and making a garland with the eggs. Students were briefed about the celebration of Easter and Good Friday with the help of the PPT, video and Quiz. Students also shared the significance of decorating eggs for Easter. Discussion was followed by garland making activity. Students took part in the activity and made beautiful garlands with great zeal and enthusiasm. In view of the upcoming Jayanti of Dr B.R. Ambedkar, students were briefed about the life of this great leader and his work. A video was also shown on the life of Babasaheb Ambedkar.

# Orientation Program for Classes XI and XII

*Amity International School, Mayur Vihar conducted an Online Class XI Orientation Program for the students and their parents on May 24, 2021 from 11:30 a.m. to 1:00p.m.*

*The aim of the program was to familiarize them with the curriculum, streams, optional subject choices, various clubs and societies, competitions, achievement of the students, the school's Code of Conduct, the examination schedule & pattern, Amitranet and Microsoft Teams.*

*Ms. Manisha Batra briefed the parents and students about the vision of our esteemed Founder President Sir, Dr. Ashok K. Chauhan through his guiding mantra 'BHAAG' and various initiatives launched under the stewardship of our respected Chairperson ma'am, Dr.(Mrs.) Amita Chauhan. The attendees were also apprised of the highlights of Amity's Synchro program, Examination system and CBSE along with the working of Amitranet Parent Section and Microsoft Teams.*

*The Principal, Ms. Meenu Kanwar welcomed the parents and students of Class XI warmly. In her speech, she emphasized on the importance of effective communication between teachers and the parents, as well as the proactive role of parents in online mode of education. She urged them to work hand-in-hand with school to bring out the best in the children.*

*The orientation session concluded smoothly with the school song. 178 parents attended the session along with subject teachers and class-teachers of Class XI.*

*Class XII Orientation Program for the students and their parents was organized on May 27, 2021 from 10.00 a.m. to 11.30 am.*

*Ms. Archana Upadhyay, the Class Representative apprised the attendees of the placement of the students at various prestigious universities and colleges, the stupendous result of our students and their achievements in academic and co-curricular arena. The 'mentors-mentees' program and the school's Code of Conduct was elucidated. An overview of the examination system and CBSE related activities, working of Amitranet Parent Section was given. The importance of counselling and learning life skills, C1 Advanced level of Cambridge English Assessment Program was discussed with the parents and students.*

*Video clippings of inspiring talks from senior students were shown to guide and prepare the students better for class XII.*

*The Principal, Mrs. Meenu Kanwar, having numerous awards to her credit, shared her words of wisdom and motivation with the attendees, welcoming the parents and students of class XII warmly.*

*The coordinator of senior wing, Dr. S K Singhal delivered the vote of thanks with the hope that the students would work diligently and also make the most of the opportunities that they are offered throughout the session.*

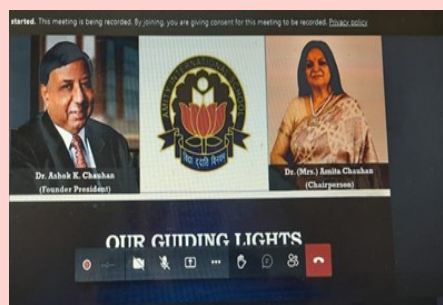

# Orientation Program for Classes VI-VIII

*The transition from Primary to Secondary marks a significant phase in a child's life. Under the able guidance of our Chairperson, Dr. (Mrs.) Amita Chauhan, a virtual orientation programme was organised for the parents of Classes VI- VIII on 06, 07 and 8 April, 2021 respectively for the academic session 2021-2022.*

*The programme commenced with a warm welcome of the parents followed by the lighting of the lamp. The Class Representatives welcomed the parents and students and discussed the General Framework of the school which included the school uniform. They were apprised of the general framework including assessment pattern and they got an insight into Amitranet and teams, E-Newsletter, Global Times and a plethora of activities. The respective Class Teachers were introduced to the parents for the smooth functional bond between the teacher and the parent.*

*The School Counsellor guided the parents about various life skills that are being taken care of, in the school to help children come out of any difficulty in life. Also, the parents were made aware of the opportunities of enrolling the children in the Cambridge course and Synconnect programme.*

*The Orientation ceremony came to an end with the School Principal, Ms. Meenu Kanwar addressing the gathering and reassuring the parents on the effective communication between the school and the parents even in the pandemic.*

## INAUGURATION CEREMONY OF CRESCENDO

*The 6<sup>th</sup> Inauguration ceremony of the Western music society, Crescendo, was commenced with eager hearts and determined minds as the new team of CRESCENDO for the academic year 2021-22 was declared virtually on 10th April on MS Teams.*

*The event had a propitious start with a soul soothing hymn followed by the felicitation of esteemed Chairperson Ma'am with a virtual flowerpot. Our Principal ma'am, Ms. Meenu Kanwar, shared motivating words with the audience and was presented with a virtual sapling.*

*Proceeding with the event, a spectacular video displaying the journey of Crescendo through the years was presented. Crescendo's Anthem Song 'We are Crescendo' was introduced with the blessings of Principal ma'am which was succeeded by the showcase of this very anthem song.*

*Subsequently, the much awaited posts were disclosed. Arindam Nath, Debadiitya Halder, Meenalika Singh and Shashwat Nagar were declared the President, Vice President, Secretary and Treasurer respectively. Following this, the rest of the posts were announced. The newly elected President, Arindam Nath, addressed his new team and raised their morale.*

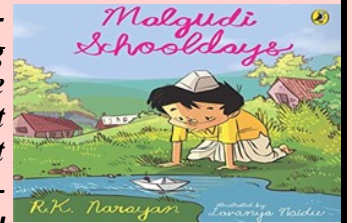

*Moving on, the alumni board, consisting of Aditya Kumar, Nishant Iyer, Anya Mohan, Sanchi Gupta, Shagun Malhotra and Ayan Sharma, was introduced to the audience and Aditya Kumar, Anya Mohan, Sanchi Gupta and Shagun Malhotra shared their experiences being a part of Crescendo and gave advice to the new team through short videos.*

# BOOK REVIEW

## MALGUDI SCHOOLDAYS BY R.K.NARAYAN

*The story is set in Malgudi, an imaginary town located somewhere on the banks of Sarayu. (a river in South India) Swami and Friends are the first of a trilogy set in a fictional town of Malgudi. The plot revolves around Swami, a demure yet outspoken boy, and his two friends Rajam- The boy who everyone looks up to in class and Mani- the big bruiser who everyone fears. They get involved in various adventures as they roam around the town trying to find things to do. Swami's days are full of action. When he is not creating a ruckus in the classroom, or blundering through his exams, he is adventuring down the streets of Malgudi, befuddling his grandmother, or stoning the school windows with his friends, inspired by a Swadeshi demonstration. But the greatest exploit of Swami and his friends lies in putting together cricket team called the Malgudi Cricket Club and challenging the Young Men's Union to a match. Just before the game, however, things go horribly wrong, and Swami has no option but to run away from home, wanting never to return again.*

Reviewed by- ADYA GARG, VIII- C

# MOVIE REVIEW

## Aladdin (2019)

*A local thief Aladdin, from the kingdom of Agrabah, falls in love with its princess – Jasmine and decides to pursue her, but the evil Grand Vizier Jafar and chief advisor to the Sultan put forward this condition that Aladdin must bring him the magical lamp and its Genie that grants three wishes. The story of Aladdin and the Genie is known to one and all and this live-action adaptation of Disney's animated classic by the same name, which has originally immortalised this legendary tale, is no exception to that phenomenon.*

*It's quite possible that anyone who sees this film will feel that something is missing from the classic tale. But, aside from a few funny buddy-comedy exchanges between Aladdin and the Genie, most of the bits that seem to work best are imported from the original. The movie is a 3 hour film with simple English which can be easily understood by all. All in all, it's a great watch specially for young children.*

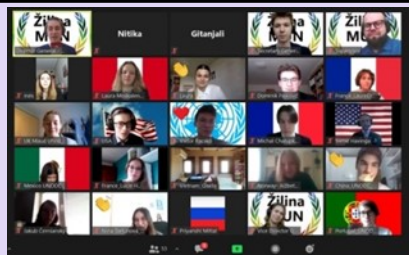

Diksha Malhotra VIII-A

# PROUD MOMENTS!

PRIYANSHI MITTAL

*Priyanshi Mittal from class 10B won the best delegate award in the Zilina MUN 2021 (ZAMUN) which took place from 28 April till 30 April.*

*Shreyas Srivastava from class 10A won a special mention award in the Kothari MUN 2020 Edition (KMUN).*

## AISMV SHINES AT INTERNATIONAL ECONOMICS OLYMPIAD 2021

*Harshit Aggarwal and Lavanya Jain of class XII put up a spectacular performance at the International Economics Olympiad held on 20<sup>th</sup> December 2020. Harshit secured an outstanding All India Rank 9 and has been selected to participate in World Economics Cup 2021 which will be hosted by China. Lavanya Jain secured an outstanding All India Rank 20 at the same event*

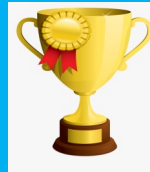

## ODYSSEY OF THE MIND'21

*AISMV Team got First Prize in ODM' 21 in Problem 4 under the guidance of Ms. Kanika and Ms. Nidhi Thapliyal at Regional level. Problems 3 and 5 also qualified to participate in the World Finals.*

# PROUD MOMENTS!

**SAMARTH GUPTA OF CLASS III- B participated in the KIDEX All Rounder National Championship and won various awards at the different levels.**  
**National Level**

- **Language & Communication Rank#1**
- **Physical Rank#4 (Rank#2)**

#### **Zonal Level**

- **Physical skills Rank#1**
- **Socio emotional skills Rank#1**
- **Creativity & Imagination skills Rank#1**

#### **State Level**

- **Cognitive skills Rank#2**

*Devangi got 1st rank at State level and 2nd in Zonal level and top 5 percentile participant in KIDEX ALL ROUNDER CHAMPIONSHIP*

# QUIZ

1. *Name the project presented by Atharv Santosh Gupta in YroNs Conference.*
2. *Name the master chef who has given the recipe of Jhal-muri in the newsletter.*
3. *Who won the best delegate award in ZAMUN?*
4. *Which class participated in the Ice- Breaking activity?*
5. *Name the book which has been reviewed in this newsletter.*

## **QUIZ WINNERS FOR MARCH'21**

*Gauri Mittal 8B  
Samriddhi Kundu 7C  
Tanvi Puri 7C*

**CONGRATULATIONS!!**
