

AIS Navi Mumbai has introduced two years Synchro Study Programme for Grade XI & XII Science students.

The two years Synchro study Programme under the aegis of AICE (Amity Institute of competitive Examination) is specially designed for Engineering (JEE) and Medical (NEET) Examinations. Synchro study programme offers a complete synergy between the curriculum of CBSE and the competitive examinations (JEE and Medical) for 10 + 2 students enabling them to excel in both the examinations. It is available in HYBRID mode hence students gain maximum benefits of the best of both modes of education- offline and online.

The programme is oriented on clearing the basic concepts and then grooms students for the advanced level.

The classes for grade XI (2025-26 batch) for Synchro program has commenced on March 25th 2025.

COURSE DETAILS CLASS XI AND XII SYNCHRO

This programme is divided into three phases.

- Phase-I: Covers the syllabus of Class XI thoroughly and extensively. Regular tests are conducted which help in boosting and analysing the preparation level of a student. This session ends by the month of January.
- Phase- II: Covers Syllabus of class XII which includes preparation for both CBSE Boards and IIT-JEE / NEET examinations. This session ends by the month of October.
- Phase -III : Test Series and Discussion conducted for the JEE-Main, Advanced , NEET Entrance exams .During this phase students are groomed extensively with the entire syllabus and get prepared to achieve the target. Through a series of test, students are constantly monitored to improve the weak areas of each subject. This session starts from November onwards.
