

## **Amity International School, Pushp Vihar organises an Engineering Taster Session**

**Amity International School, Pushp Vihar,** under the able guidance of Chairperson, Dr. Amita Chauhan organised an Engineering Taster Session in the school premises. This was organised by ACCGC. The session was conducted by Prof. Stephen Watts, Head of Electrical & Electronics Engineering of Cardiff University. The objective of the workshop was to give

an opportunity to the students to go through a taster lecture session and participate in a project conducted by him. A competition among all 10 schools of Amity was held after the lecture wherein Science stream (PCM) students of class XI & XII of all 10 Amity schools participated. Amity Pushp Vihar team, consisting of 6 students of class XII was declared the winners.

Amity International School, Pushp Vihar organises an Engineering Taster Session.
