

Harbinger of happiness

CHAIRPERSON'S MESSAGE

Brewed with excitement, joviality, hard work, and a lot of perseverance, Amity International Model United Nations (AIMUN) is back once again to show us the true meaning of how every single person holds the key to changing the world for the better. After witnessing the success of last year's e-AIMUN, the first one of its kind, it is my honour and pleasure to welcome everyone to the second digital AIMUN that promises to up the playing field.

Whether online or offline, AIMUN has always been one of the finest platforms that emulate real world negotiations and find worthy solutions to problems, and its dedication to its brilliant quality only increases with time. It warms my heart to see how AIMUN nurtures Amitians to be better speakers, negotiators, participants, and above all, better citizens who will bring in a better future for all of us.

As the world continues to be hemmed in by the shadows of the pandemic, AIMUN

2021 comes with the powerful message of ringing happiness around the world. Happiness is not a possession to be prized, but it is instead a quality of thought and a state of mind - it is with this thought that this year's AIMUN was conceptualised and that is what we aim to achieve in our three days of action-packed conferences. We all must work together to bring in better days, and in the torrent of darkness that the world is in right now, I want my Amitians to be the ribbons of moonlight shining ablaze in crimson and lighting up the path for others.

Eventualised by the assiduous and tireless team of AERC, the platform of AIMUN is brought forward to all of you not as a rat race but as a way to pursue your passion and show your hearty dedication for peace and godness. This MUN is a crossroad between eloquence and an epicenter for world solutions, and I know all the participants will perform their best to transform the world, one committee at a time! **GF**

Dr. (Mrs) Amita Chauhan
Chairperson, Amity Group of Schools

STAY TUNED

A lot of debate, drama, and fun stuff coming your way in the next three days...

- ➡ 14th AIMUN globally
- ➡ 12th AIMUN in India
- ➡ 6 exciting committees
- ➡ Participation from across the globe
- ➡ Opportunity to meet real life politicians and diplomats from other nations
- ➡ An enthralling International Cultural Festival

Happy learning

AIMUN, the brainchild of our respected Chairperson Dr (Mrs) Amita Chauhan, has been nurturing global leaders since 2010. Organised under the aegis of Amity Educational Resource Centre, Amity Group of Schools, this unique simulation aims to sensitise the youth towards global issues. The event now in its 14th chapter aims to take forward the legacy of honing sensitive and compassionate leaders. For the last three decades, our respected Chairperson has been nurturing a unique culture of happiness and enthusiasm in countless Amitians like a mother. Her firm belief that “Happy parent, happy teacher make a happy child; happy child makes a happy family; happy family makes a happy society; happy society makes a happy country, and at large a happy world” has been the foundation of the Amity School campuses worldwide. To honour her efforts to integrate happiness, humility, compassion along with

the development of 21st century skills of collaboration, critical thinking, and creativity in the youth, we bring to you this year's AIMUN with its Sanskrit tagline *लोकाः समस्ताः सुखिनो भवन्तु* (May the whole world be happy!). The tagline is an invocation for harmony and blessings for all creation. Today, there are about 1.8 billion young people between the age of 10-24 years. Never before in the history of mankind have there been so many young people. Thus, never again will there be such potential for economic and social progress. Let's all come together to tap this vast potential, and steer the world towards a happier future. I sincerely thank

our respected Chairperson for this great platform and also Amity University, Noida, and Amity Schools for their constant support in making this conference a grand success!

Jyoti Arora
Charge d'Affaires
e-AIMUN 2021

The passionate generation

“Two roads diverged in a wood, and I— I took the one less travelled by, and that has made all the difference.”

Robert Frost wrote these lines more than a century ago, but they resonate particularly well with the present generation. It is their opinions that distinguish today's millennials and Gen Z from the previous generations. They have passion and are driven to achieve the impossible; they have the courage to follow their dreams.

Above all, this younger generation has the zeal to stand for what is right and the courage to choose the road not taken—one such event being e-AIMUN'21.

I am delighted to pass on the legacy of AIMUN through this conference. There are going to be 6 committees; all of which

aim to bring out an underlying urge of the delegates to prove their mettle. An experienced board of MUNers have been carefully hand-picked for the 3-day conference to provide an enriching experience.

With such high spirits, it gives me immense pleasure to welcome you to the 12th edition of AIMUN in India. This is

an embodiment of great diplomatic minds; it is an opportunity to gain knowledge through peaceful negotiations

and collective decision making. An “I” for an “I” is making the whole world blind, but peace will only be established when these “I” turn into “We”. Good luck to all the diplomats! I have undying faith in you.

Kusum Kapoor
Chef de Cabinet
e-AIMUN 2021

Moksh Gauri
Global Press

Each year diplomatic students assemble
To represent countries they resemble
Some become heads while others debate
On every issue they jointly contemplate

Reporters, photographers all on board
It will never make you feel bored
Each delegate has agenda assigned
That they have to present in time

Whether it's for or against motion
The goal is to represent that nation
To develop a deeper understanding
Help the nation attain better standing

Every delegate gets time to speak
With questions raised that are unique
Solutions devised to paint dark clouds
While world continues to cry aloud

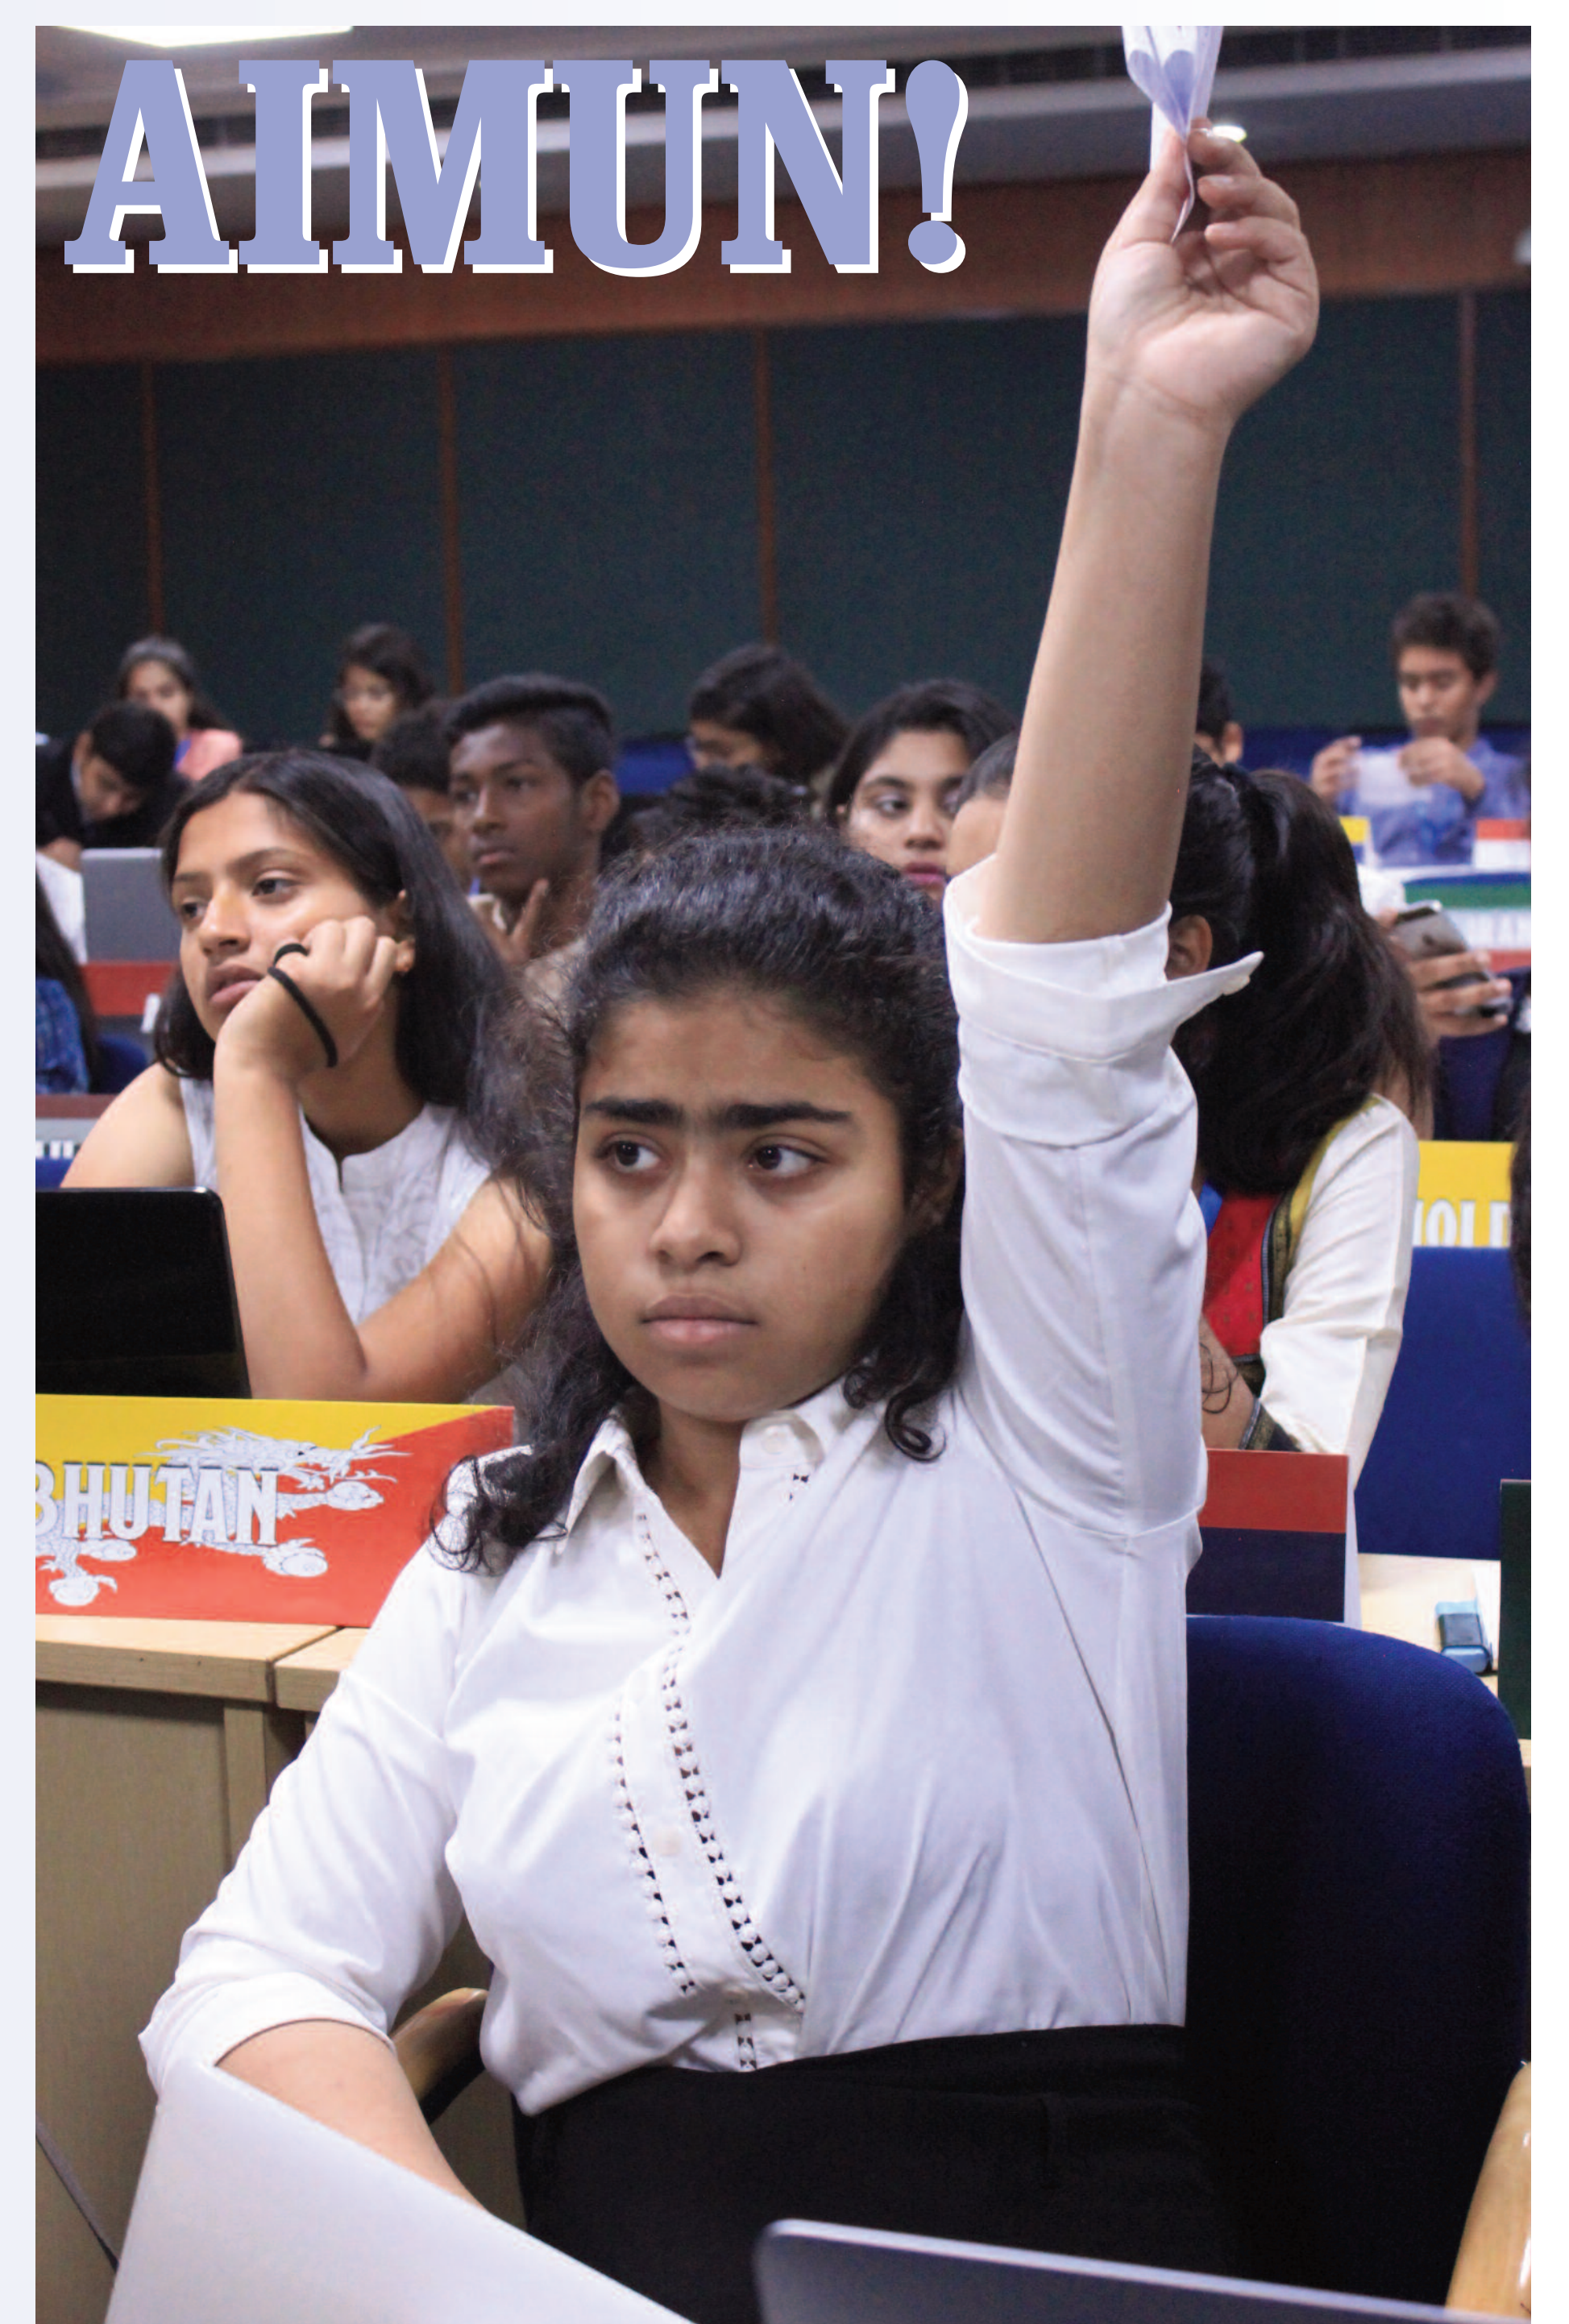

Welcome to AIMUN!

Decorum and discipline are gold
Delegates debate while board beholds
Respect is given the utmost importance
Students showcase great performance

Leaving white paper full of pen stains
Which argument to refute, which sustain
Immense experience is what they earn
A feasible reasoning is all they yearn

Every year diplomatic students assemble
To represent countries they resemble
Leaders of tomorrow, let's take a pledge
Never to leave any nation on the edge

Initiate conversations and critiquing
As it encourages public speaking
So, progress forward with dexterity
And put in your efforts with sincerity!

THE SECRETARIAT STRIKES BACK

A long time ago, in a galaxy far, far away, AIMUN came into existence, and since then, with the help of the Force, Secretariats of the event have created a legacy of giving their delegates the best of the best. For 2021, too, these Jedis have upped their game and taken on the responsibility with great

pride, so meet your ultimate trio, the heads at AIMUN 2021, who will take you on this daring and adventurous intergalactic ride: Han Solo-Dhruv Banerjee, Secretary General; Luke Skywalker-Ayden Sharma, Deputy Secretary General; and Princess Leia-Sanjali Sharma, Director General!

How does it feel to be the captain of the Alliance of AIMUN?

Han Solo: It feels great, especially considering how competitive the selection process was. I have been a part of AIMUN for 5 years and it has given me amazing memories.

Luke Skywalker: I still remember when I started my AIMUN journey as a delegate and all I wanted was a chance to speak in the GA, and now look at me being the leader!

Princess Leia: Elated, surreal, responsible and absolutely thrilled. I have been associated with this event for a while now and I have nothing but gratitude in my heart.

What qualities make you worthy of being the leader of this intergalactic adventure?

Han Solo: I am very enthusiastic about new ideas, especially mechanisms which might improve the genuine cooperation in committees.

Luke Skywalker: Patience, dedication and definitely spontaneous thinking.

Princess Leia: Apart from my general obsession with MUNs, I always enjoy holding leadership positions which is often complemented with my overall managerial skills and experience!

What has been your biggest takeaway from this epic saga?

Han Solo: The biggest takeaway is that competition is not over till it's really over. In my experience, I have won unexpected awards that delegates do not often win even after dominating in the committee.

Luke Skywalker: It is definitely the skill of standing out from others; you do not need to prove them wrong, but prove yourself right.

Princess Leia: The art of collaboration! AIMUN is much more than just debating; it calls for deliberation, negotiation, and collaboration.

Your favourite and least favourite memory, Jedis?

Han Solo: My favourite memory is when I won a High Commendation in 2018. I felt

unheard and ignored in the event, but when my name was called, I practically skipped onto the stage. My least favourite one is when I was representing a war-torn country in 2017 and I took the "MUNs are basically role play" a little too seriously and pretended to cry during my speech.

Luke Skywalker: Favourite one: AIMUN 2019 when I won High Commendation in a committee I was hesitant to participate in. I don't have a least favourite one, though, because every moment here has been a cherishing experience.

Princess Leia: Getting a Global Press recognition in AIMUN 2020 was one of my favourite things ever, and the event being shifted to an online for-

mat because of the pandemic is my least favourite thing!

How do you deal with the ups and downs of the war?

Han Solo: Mainly by consulting those around me because it should be a team effort.

Luke Skywalker: I just think over the problem patiently and find a way around.

Princess Leia: I have great fellow members in the secretariat and the constant guidance by our teachers always help me solve the challenges.

Who has the most fun with their battles, according to you?

Han Solo: It is always the delegates who have the most fun in the conference for sure!

Luke Skywalker: The EB!

Princess Leia: The GP is quite close, but the delegates top the everchosen list.

What's your piece of advice to avoid the Darths?

Han Solo: There is no substitute to in-depth research. Observe good delegates to learn from them and always get feedback from the chosen EB.

Luke Skywalker: Do not think of it as a debate competition; come out of your textbooks to find solutions to actual real-life problems.

Princess Leia: Be thorough. Be unsure, it's alright. Be scared, you are allowed! But don't you ever give up.

We MET the showstoppers

The lights are all in place, the camera and mics are all charged, and the red carpet is all set. With another year comes another AIMUN and before we even begin the event, there is a red carpet to cross (some might even call it the main event). Of course, all the eyes are eagerly awaiting to see the biggest stars, our amazing Chairs, so before they faced the virtual podium and started the heated debates, we MET up with them before the gala for a little light-hearted tête-à-tête to show you that when they glam up, they glam up nice!

Theme : UNSC (UN Security Council)
Star : Madhav Sharma
Entourage : Shansita Kumar, Priyanshi Mittal

The first time I was invited to the gala was... in 2017 when I was a participant for my school's MUN. My senior noticed me and recommended me to participate.

The biggest celebs of the conference are...the EB, the Secretariat, and definitely the Domino's at Amity University.

The mic-drop last sentence of my speech would be... "Thank you for listening."

The most important accessory for the event is...to know that moderators should

not be influencers.

The way to maintain the elegance of AIMUN gala is...by enforcing proper rules. If any quarrel occurs, it is up to the delegates to resolve it peacefully.

If I could be a part of any other theme, I would choose...Lok Sabha.

To all the first-time attendees, I just want to say...this is my first time as well, so I don't think I am qualified to give advice.

Theme : WHO (World Health Organization)
Star : Pratham Sharma
Entourage : Hridyanshu, Tejas Singh

The first time I was invited to the gala was...in 2017.

The biggest celebs of the conference are...committees and their agendas, zeal and enthusiasm of the participants, and the infrastructure.

The mic-drop last sentence of my speech would be... "Don't think about winning awards; improve your skills and awards will follow!"

The most important accessory for the event is...to be fair.

The way to maintain the elegance of AIMUN gala is...dialogues!

If I could be a part of any other theme, I would choose...UNSC.

To all the first-time attendees, I just want to say...EB members were once delegates, so climb the AIMUN ladder.

Theme : UNGA (DISEC): United Nations General Assembly (DISEC)
Star : Aryan Aggarwal
Entourage : Yashvardhan Jain, Yashasvini Verma

The first time I was invited to the gala was...in 2018.

The biggest celebs of the conference are...debate and positive competition.

The mic-drop last sentence of my speech would be... "Confidence triumphs experience."

The most important accessory for the

event is...to guide, not intervene.

The way to maintain the elegance of AIMUN gala is...good decisions!

If I could be a part of any other theme, I would choose...WHO.

To all the first-time attendees, I just want to say...focus on your analysis.

Theme : Lok Sabha
Star : Aniket Patra
Entourage : Divik Dodeja, Noor Chawla

The first time I was invited to the gala was...in 2021! This is my first AIMUN.

The biggest celebs of the conference are...committees, delegates, and the teacher in-charges.

The mic-drop last sentence of my speech would be...“You should not do MUNs for awards; you should do them for the experience and the learning outcome...and the food, obviously!”

The most important accessory for the event is...to be patient when you come across delegates with frivolous and absurd stances as they might be first-timers

and aren't accustomed to the world of MUNs. Also, all your opinions and judgements should be, without a doubt, unbiased.

The way to maintain the elegance of AIMUN gala is...to emphasise how consensus is the key to every solution.

If I could be a part of any other theme, I would choose...WHO.

To all the first-time attendees, I just want to say...always be approachable to all the delegates so everyone can learn and expand their horizons in a better way.

Theme : UNW (UN Women)
Star : Aman Singh
Entourage : Prabha Jha, Yash Dham, Soumya Chauhan

The first time I was invited to the gala was...in 2015.

The biggest celebs of the conference are...the food, the committee chaos, and the ceremonies.

The mic-drop last sentence of my speech would be...“From personal experience, don't skip the resolution just to get your hands on the pizza!”

The most important accessory for the event is...to ensure that each and every

delegate feels that they are a part of the committee and that the committee cohesiveness is maintained.

The way to maintain the elegance of AIMUN gala is...negotiations.

If I could be a part of any other theme, I would choose...WHO.

To all the first-time attendees, I just want to say...set yourself apart and make a mark so that everyone knows who you are.

Theme : UNESCO (United Nations Educational, Scientific and Cultural Organization)
Star : Pradyuman Singh, Entourage : Aditya Khuntia, Tanush Mittal

The first time I was invited to the gala was...in 2015!

The biggest celebs of the conference are...level of debate, great environment, and of course, university's food court.

The mic-drop last sentence of my speech would be...“Thank you!”

The most important accessory for the event is...creating a conducive environment and motivating every delegate to participate and con-

tribute to the discussion.

The way to maintain the elegance of AIMUN gala is...the delegates are diplomatic enough to never engage in anything over the top so that won't be a cause of worry!

If I could be a part of any other theme, I would choose...Lok Sabha!

To all the first-time attendees, I just want to say...just enjoy the process to the fullest!

What's APPining?

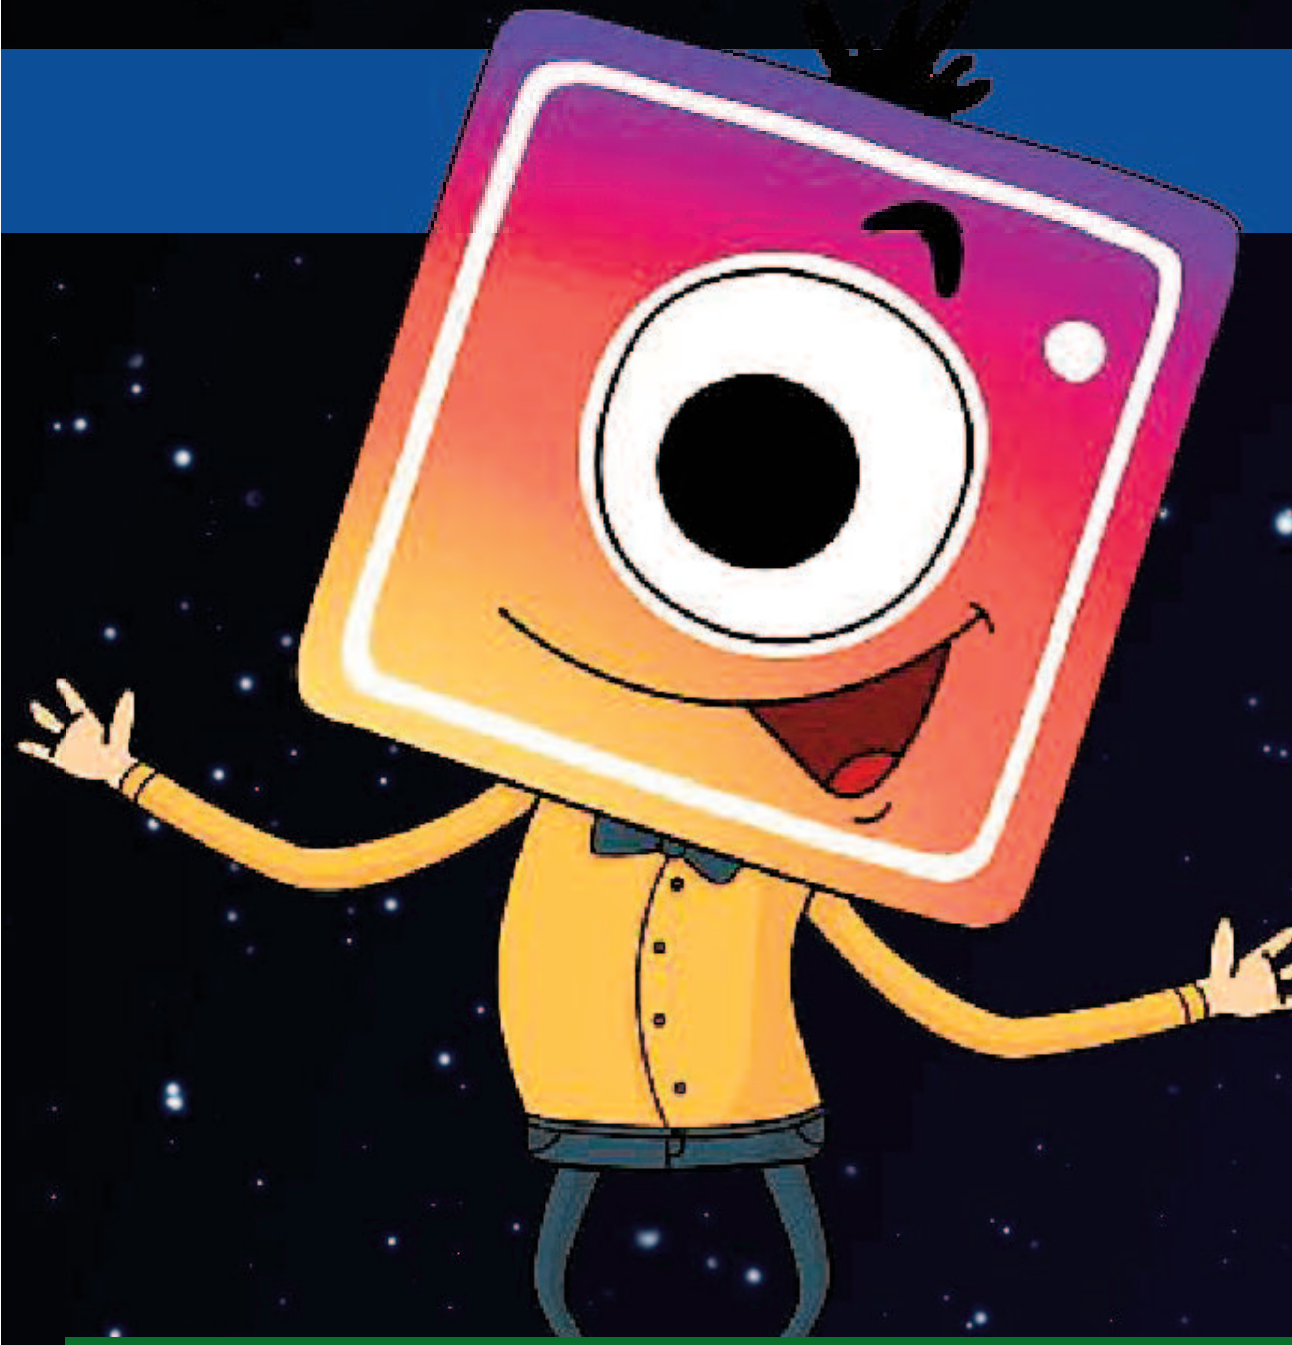

For a society that does everything online - turning off cameras in class for a quick nap to attending MUNs in their best shirts and pajamas; the world of social media is their ultimate stage. So, what if AIMUN's official page hasn't reposted your photo? We present to you Global Press Awards that are just as special ..

depositphotos

Image ID: 27072408 www.depositphotos.com

Ideal Instagram

"I make songs and life more interesting than it reel-ly is!"

This delegate is more focused on clicking their selfies and making reels than the actual discussion of the committee. Yes, even in an virtual MUN.

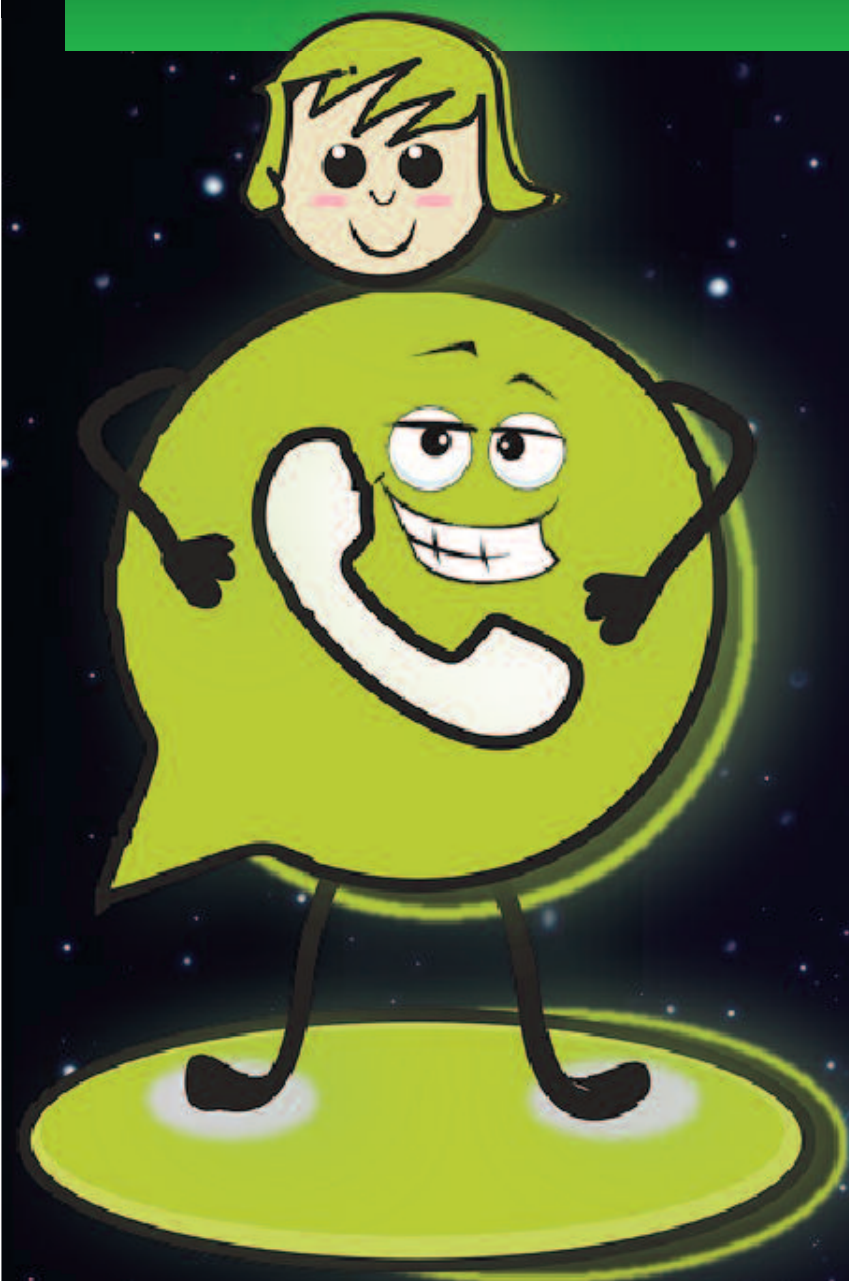

Familiar Facebook

"Cause throwback brings back all the memories of everything we have been through!"

A veteran at the MUN game, this delegate has seen it all when it comes to the event. They have been a part of AIMUN for years and every topic of discussion, they will definitely be the first one to #throwback .

Wacky WhatsApp

"I don't have friends. I have family...family groups and forwards!"

Rumour here, rumour there, forward forward everywhere! This delegate knows everything and anything happening (or so they think). But boy, spamming the committee with 1000 messages sure takes energy and patience (of others too).

Sluggish Snapchat

"We found dogs, we started living with them, now in the 21 century we live with the filters of dogs."

This delegate is definitely the leader of the committee, loved by all...but only for a few minutes. Starting off on a great high, they might have lost their way or relevance somewhere along the way!

Tardy Tumblr

"Oh, you were talking to me? I promise, I was definitely listening!"

The passive delegate that starts the meeting with a muted call and stays that way! Their lack of participation makes the committee wonder if they are still even there!

Twisted TikTok

"Tick-tock on the clock, but the party don't stop-WAIT, WHY ARE YOU KICKING ME OUT!"

Mute them as you may, but this delegate keeps coming back to say things they find relevant and trend worthy, only to be muted one more time.

Lawful LinkedIn

"I'm a king, I'm a boss, remember my name!"

A true royal when it comes to professionalism, you will never see this delegate tripping. More perfect than Barney Stinson's photos, they will always have all eyes on them with their prim and proper behaviour.

Tenacious Twitter

"My words may be limited but they are more than enough to set everything on fire!"

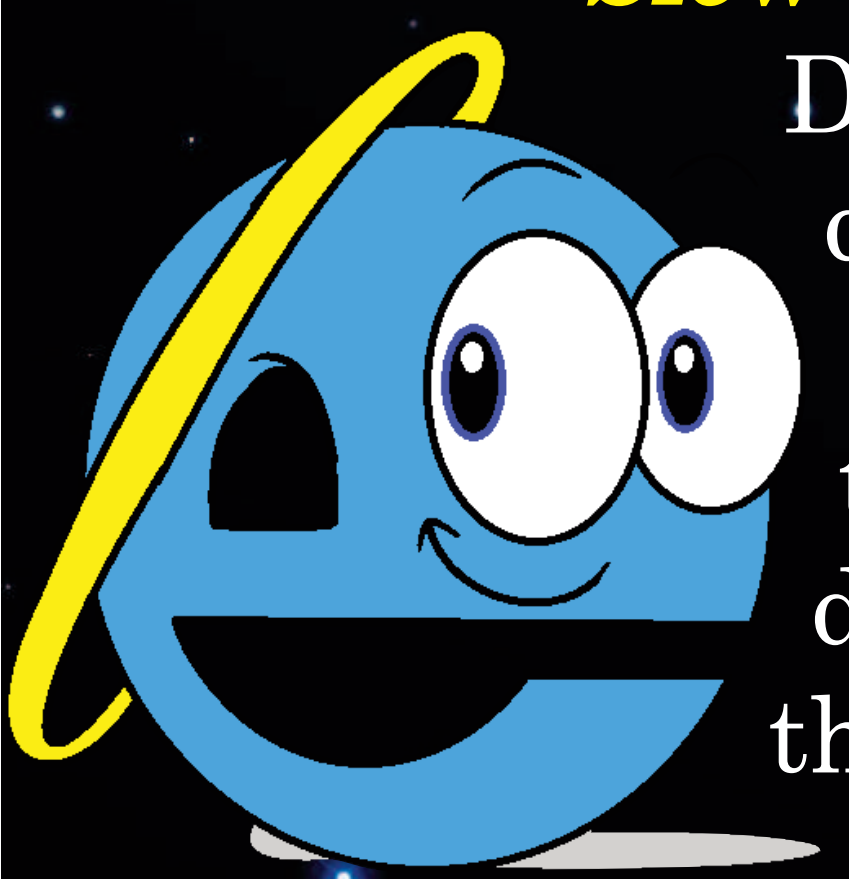

If aag-mein-ghee-daalna was a full time job, they would be a millionaire by now. They live to start "discussions" that turn into heated arguments.

Innocent Internet Explorer

"Slow and steady wins the race!"

Definitely following the mantra, this delegate does everything at a slow pace, so much so that nobody wants to take them seriously, but at the end of the day, they are the ones who are always there and will always come through, even though it might be a little late.

Ready Reddit

"I know everything I need to know and everything I don't even need to know!"

This delegate has something (everything) to say about every single topic in the committee and won't hesitate to voice their opinion, even if nobody asked them for it.

Foreign friends

Say Namaste To The Foreign Delegates Who Are The Sugar To Our Indian Spice

The delegates from Bilingual Gymnasium School, Slovakia

What made you sign up for e-AIMUN 2021?

The conference will not only improve our debating, orating and argumentation skills, but would provide us an altogether different exposure. We would be able to interact with delegates from around the globe with diverse cultures and traditions. Now who would not sign up for an event where one can learn, explore, and enjoy?

What are you looking forward

to at AIMUN?

To seeking new possibilities for solving the problems discussed. The discussions and debates will help us gain experience and knowledge regarding the topics as well as the participants.

Are you sad that you're missing out on visiting India?

Unfortunately, we have to be a part of this event virtually this time, but we would definitely like to visit India once the pandemic is over.

What friendship gifts are you bringing us?

We will share our culture and tradition with you!

The delegates from Institut de Genech, France

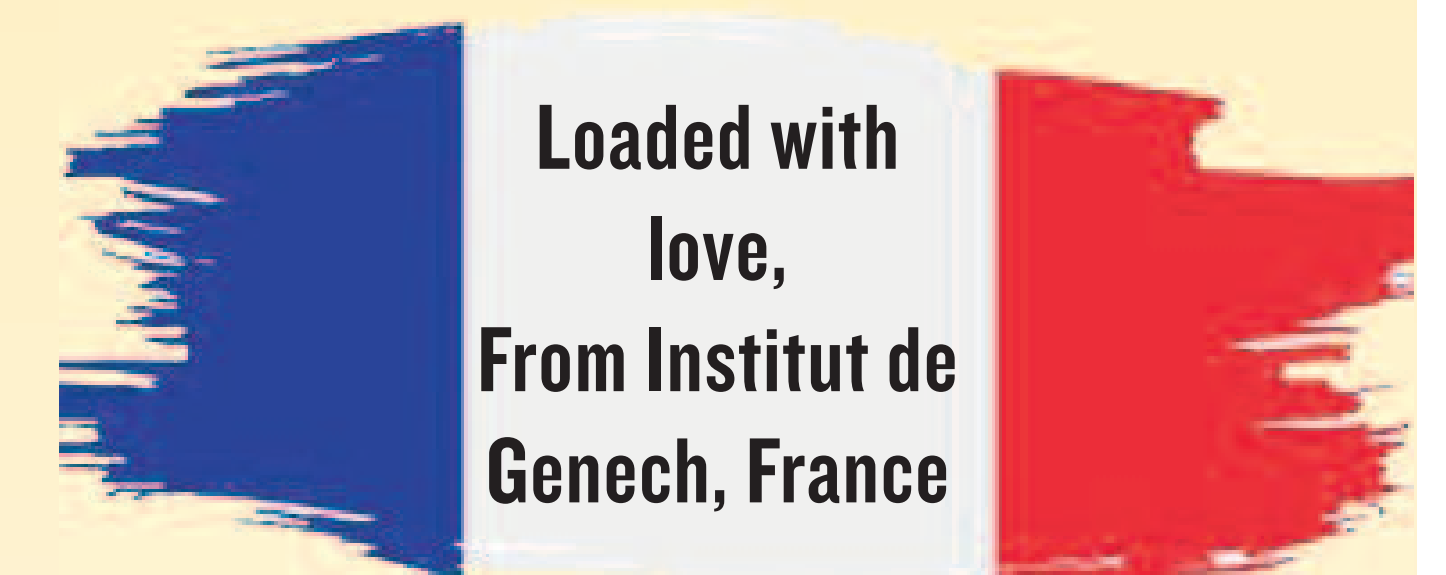

What made you sign up for e-AIMUN 2021?

We love India, and eAIMUN is also a great way for all of us to improve our English-speaking skills. It is a great way for us to understand how international bodies work.

What are you looking forward to at eAIMUN?

We cannot wait to interact with new students from across the world and create new friendships. The event will give us a chance to research well and show off our debating skills, as well as discuss issues and varied topics with people from different countries.

Are you sad that you're

missing out on visiting India?

India is a beautiful country, and we would have loved to see it. Let's hope that we get to visit the country soon, but in the meantime, an online MUN also makes participation more easily accessible.

What friendship gifts are you bringing us?

We would want to gift you guys a mini Eiffel Tower because it is a symbol of France and its culture.

What made you sign up for e-AIMUN 2021?

AIMUN is an experience of its own, and that is exactly what made us sign up. We will have the responsibility of representing a community, being taken seriously, and exchanging our ideas with people from different countries. This is why we wanted to sign up for eAIMUN.

What are you looking forward to at eAIMUN?

We really look forward to the diverse experience eAIMUN will present, because we will get to interact and discuss

The delegates from Ozanam Group School, France

issues with people from different backgrounds and cultures. We will get to see different points of view on different things, which will help us broaden our horizon.

Are you sad that you're

missing out on visiting India?

Yes, of course! India is extremely unique, and there are a lot of things that are exclusive to India that cannot be found anywhere else in the world. Visiting it in person would have made our eAIMUN

experience even better, but we can now only hope that we get to visit the country someday in near future.

What friendship gifts are you bringing us?

We would love to gift our Indian friends chocolates by Patrick Roger. He is renowned chocolatier who uses a lot of incredible ingredients like almond paste, dark chocolate, lime, fur tree honey etc., to create mouth-watering pieces.

Stamp of approval

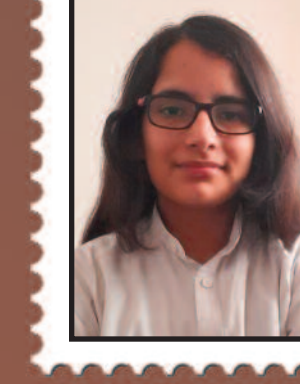

WiFi? Connected! Laptop? Fully charged! An eagle eye to spot all the hot gossip? Of course! With another installment of AIMUN comes another batch of Global Press that are just as charged with powers to bring you the best of the event, so meet the superheroes armed with a pen and paper (virtual, of course!) that will bring you all the action!
